Wealthfront Advisers LLC
IRA Automated Investing Account Advisory Client Agreement

Revision date: December 2022

The beneficial owner (the “Account Holder” or “Client”) of an Individual Retirement Account (the “IRA Account”) is entering this IRA Advisory Client Agreement (this “Agreement”) with Wealthfront Advisers LLC, a Delaware limited liability company and an SEC-registered investment adviser (“Wealthfront Advisers”). This Agreement is solely available to lawful residents of the United States and its territories. The IRA Account shall be administered by Forge Trust Co. (“Forge”) acting as the Custodian in regard to the IRA Account pursuant to either, as the case may be, a Traditional IRA Custodial Account Agreement, together with the Combined Traditional and Roth IRA Combined Disclosure Statement and IRA Account Acceptance (collectively, the “Traditional Agreement”) or a Roth IRA Custodial Account Agreement, together with the Combined Traditional and Roth IRA Combined Disclosure Statement and IRA Account Acceptance (collectively, the “Roth Agreement” and each of the Traditional Agreement and the Roth Agreement, individually and collectively, the “Custodial Agreement”). This Agreement shall be effective as of the first day a brokerage account is opened in connection with this Agreement and is ready to receive trading instructions from Wealthfront Advisers (the “Effective Date”). While Forge acts as administrator and custodian for the IRA Account, the brokerage account is maintained in connection with the Custodial Agreement referenced in Article VIII.5.d of the Traditional Agreement or Article IX.5.d of the Roth Agreement, as the case may be, and shall be in the name of the Custodian as custodian of the IRA Account for the benefit of Client under the Custodial Agreement, and Wealthfront Brokerage shall be the “securities broker/dealer” referenced in those respective provisions of the Traditional Agreement or the Roth Agreement referenced in the immediately preceding sentence. In consideration of the mutual covenants herein, Client and Wealthfront Advisers agree as follows:

1. Services

Client appoints Wealthfront Advisers to exclusively manage one or more IRA Account(s) established and owned by Client at Wealthfront Brokerage (each the “Client Account,” “IRA Automated Investing Account” or “Account”). In this capacity, Wealthfront Advisers shall manage the Accounts in accordance with an investment plan recommended by Wealthfront Advisers to Client from time to time based on objectives, risk tolerance, and other profile information for the Account provided by Client (“Investment Profile”) and in accordance with certain additional investment options that may be designated by Client (the “Plan”). For “Client-Defined Portfolios”—Wealthfront Advisers’ recommended Investment Profile customized by Client, Wealthfront Advisers shall manage such Client- Defined Portfolio in accordance with the investment allocation elected by Client, although Wealthfront Advisers retains full investment discretion over such Client-Defined Portfolio and its allocation. Client authorizes Wealthfront Advisers to supervise and direct the investment and reinvestment of assets in the Client Accounts, with full authority and discretion (without consultation with the Client), on the Client’s behalf and at the Client’s risk, and in accordance with the Client’s Plan, to purchase and sell eligible assets and securities, including but not limited to stocks, exchange-traded funds (“ETFs”), mutual funds (including without limitation money market mutual funds as separate investments from the Plan), and/or similarly traded instruments that are regulated as securities and not as commodities (collectively “Securities”), as well as to manage cash balances within the Client Accounts. Without in any way limiting the foregoing and for the avoidance of doubt, Client cannot issue individual trading instructions to Wealthfront Advisers or to Wealthfront Brokerage to purchase and/or sell specific Securities to be executed at particular times, provided however, if Client has opted for certain PassivePlus investment options that invest in individual issuers of Securities as part of the Client’s Plan, then Wealthfront Advisers, in its sole and absolute discretion and without any obligation to the Client in each case, may permit Client to restrict the purchase of one or more issuers of Securities in his or her Account. Only Wealthfront Advisers shall have authority to issue trading instructions to purchase and sell Securities in the Client Accounts based on the discretionary authority granted to Wealthfront Advisers by Client under this Agreement. Wealthfront Advisers shall not have any duty or obligation to advise or take any action on behalf of Client in, or in connection with, any legal proceedings, including bankruptcies or class actions, involving Securities held in, or formerly held in, the Account, or involving the issuers of such Securities.

Notwithstanding anything in this Agreement to the contrary, Wealthfront Advisers shall have no authority hereunder to take or have possession of any assets in the Account or to direct delivery of any Securities or payment of any funds held in the Account to itself or to direct any disposition of such Securities or funds, except to Client, as directed by Client, pursuant to valid legal authority, or as provided in Section 5 (entitled “Fees and Compensation”).

2. Representations and Warranties.

- (a) Client represents and warrants to Wealthfront Advisers and agrees with Wealthfront Advisers as follows:
 - i. Client has the requisite legal capacity, authority, and power to execute, deliver and perform his or her

obligations under this Agreement. This Agreement has been duly authorized, executed and delivered by Client and is the legal, valid, and binding agreement of Client, enforceable against Client in accordance with its terms. Client's execution of this Agreement and the performance of his or her obligations hereunder do not conflict with or violate any obligations by which Client is bound, whether arising by contract, operation of law or otherwise. Client's social security number provided by Client is true and correct.

ii. Client is the beneficial owner or co-owner of all cash and Securities in the Account, and there are no restrictions on the pledge, hypothecation, transfer, sale or public distribution of such cash or Securities.

iii. Client acknowledges that a Plan may include only a single ETF for each asset class within the Plan, with each ETF playing a necessary role in the overall investment strategy and, therefore, Client understands and acknowledges that the Client cannot force exclusions or restrictions of ETFs recommended by Wealthfront Advisers as part of the Plan.

iv. Client acknowledges that Wealthfront Advisers retains full discretion over Client-Defined Portfolios and that Client-Defined Portfolio allocations are suggestions and not directed trades.

v. Client has provided, and will continue to provide, Wealthfront Advisers with complete, current, and accurate information about Client's identity, background, net worth, investing timeframe, other risk considerations, any Securities from which Client may be or become legally restricted from buying or selling and other investment accounts in the Investment Profile and will promptly update that information as Client's circumstances change.

vi. It will be Client's responsibility to read all information provided by Wealthfront Advisers related to transactions in Client's Account, including all recommendations and advice available to Client on the Site and in the App. Client further agrees that Wealthfront Advisers will only transmit such recommendations and advice to Client via the App and/or the Site and has no obligation to deliver any investment advice or recommendations to Client in another manner, for example, via telephone or in an in-person meeting. Client agrees that it is Client's obligation to monitor all communications available from Wealthfront Advisers via email, on the Site, and in the App.

vii. Client acknowledges that the Wealthfront Advisers and Wealthfront Brokerage are subject to certain anti-money laundering ("AML") and related provisions under applicable laws, rules, and regulations and are otherwise prohibited from engaging in transactions with, or providing services to, certain foreign countries, territories, entities and individuals, including without limitation, specially designated nationals, specially designated narcotics traffickers, and other parties subject to United States government or United Nations sanctions and embargo programs (collectively "AML Laws"). Accordingly, Client hereby represents and warrants the following and shall promptly notify Wealthfront Advisers if any of the following ceases to be true and accurate: (a) to the best of the Client's knowledge based upon appropriate diligence and investigation, none of the cash, eligible assets, or property that the Client has delivered, or will deliver, or has paid, or will pay, to Wealthfront Advisers, any of its affiliates or its clearing broker has been or shall be derived from or related to any activity that is deemed criminal under, or otherwise contrary to, United States law, nor will any of the Client's deliveries to the Account or payments to Wealthfront Advisers directly or indirectly contravene United States federal, state, international or other laws or regulations, including without limitation any AML Laws and (b) no contribution or payment by, or on behalf of, Client to Wealthfront Advisers shall cause Wealthfront Advisers or Wealthfront Brokerage to be in violation of any AML Laws. Client understands and agrees that if at any time it is discovered that any of the representations in this Section 2(a)(vii) are untrue or inaccurate, or if it suspects that such is the case, or if otherwise required by applicable law or regulation related to money laundering and similar activities, Wealthfront Advisers may undertake appropriate actions to ensure compliance with applicable law or regulation, including, but not limited to, freezing or forcing a withdrawal of the Client's cash or assets from Wealthfront Advisers and notifying regulatory authorities, including without limitation, through filing of one or more suspicious activity reports. Client further understands and agrees that Client's access to products and services may be restricted while in certain foreign countries or territories, in accordance with AML Laws and policies of Wealthfront Brokerage, its clearing broker, and Wealthfront Advisers.

viii. Client acknowledges that Wealthfront Advisers or Wealthfront Brokerage may require further documentation verifying Client's identity or the identity of the Client's beneficial owners, if any, and the source of funds used to make deliveries to the Account or payment to Wealthfront Advisers. Client hereby agrees to provide such documentation as may be requested by Wealthfront Advisers. Furthermore, Client acknowledges and agrees that Wealthfront Advisers and Wealthfront Brokerage may release confidential information regarding Client and, if applicable, any of Client's beneficial owners, to government authorities, if Wealthfront Advisers, in its sole discretion, determines that releasing such information is permitted or required by applicable law or industry regulation.

ix. If Client specifically provides a photograph of Client's likeness and/or other personal identifying information to Wealthfront Advisers for the purpose of public display, then Client hereby grants permission to Wealthfront

Advisers to use the provided photograph of Client's likeness, Client's name and/or other personal information, in a commercially reasonable manner on its website www.wealthfront.com (the "Site") or its related mobile application (the "App"), on any related and/or affiliated sites, and in marketing materials now and in the future, until such time as this Agreement is terminated by either party. Client waives any and all rights to compensation as a result of such use of Client's explicitly provided photograph of Client's likeness, Client's name and/or other information.

- x. Client also understands that Client must have access to a mobile phone capable of receiving SMS text message communications in order to create and maintain an Account.
 - xi. As of the Effective Date, and at all times during the term of this Agreement, the Account (1) shall be either an individual retirement account as described in section 408 of the Internal Revenue Code of 1986, as amended, (the "Code") or a tax-qualified plan described in section 401(a) of the Code that is an "owner only" plan, and (2) shall not be an "employee benefit plan" within the meaning of the Federal Employee Retirement Income Security Act of 1974, as amended.
 - xii. Client has received and read, understands and agrees to the Custodial Agreement. These documents are incorporated herein by reference. Client has read and understands the instructions in the Custodial Agreement.
 - xiii. Client has engaged Forge to serve as Custodian of and to administer the IRA Account under the Custodial Agreement but understands that Forge is not an investment adviser nor does Forge supervise or control Wealthfront Advisers.
 - xiv. Client understands and acknowledges that Wealthfront Advisers can only take instructions from Client and cannot accept instructions provided by any third-party pursuant to a power-of-attorney document or any other document.
 - xv. Client agrees to use Wealthfront Advisers solely for Client's personal, non-commercial use, and not in connection with any competitive analysis (as determined by Wealthfront Advisers).
 - xvi. Client acknowledges and agrees that the Account is subject to the laws and regulations of various governmental and self-regulatory organizations, which at times may require Wealthfront Advisers and its affiliates to take action with respect to the Account, including, but not limited to, suspending, restricting, or terminating transactions and transfers.
- (b) Client understands and agrees that (A) neither Wealthfront Brokerage nor Wealthfront Advisers guarantees the performance of the Account, guarantees a profit, or protects against losses, including loss in principal value; (B) the Account is not insured against loss of income or principal; (C) there are significant risks associated with investing in Securities, including, but not limited to, the risk that the Account could suffer substantial diminution in value, and this risk applies even when the Account is managed by an investment adviser; (D) the past performance of any benchmark, market index, ETF, or other Security does not indicate its future performance, and future transactions will be made in different Securities and different economic environments; (E) Wealthfront Advisers will cause the Account to invest in Securities substantially in the proportions set forth by the Plan (subject to the profile information received from Client and to various other factors, including without limitation Client deposits or withdrawals, variations in the allocations due to movements in the prices of Securities over time, revisions of the Plan by Wealthfront Advisers from time-to-time consistent with Client's profile information, and Client's elections); (F) Wealthfront Advisers will provide only the specific reviews and restrictions described in this Agreement and will not otherwise review or control such Account; and (G) there are significant risks associated with any investment program and with exposure to the securities markets and other eligible assets markets.
- i. Client understands and agrees that Wealthfront Advisers' sole obligation hereunder or otherwise is to manage the Account in accordance with the Plan, and Client has not engaged Wealthfront Advisers to provide any individual financial planning services. Client understands and agrees that Wealthfront Advisers may at any time in its sole discretion determine that an Account may require reallocation of Securities.
 - ii. Client understands and agrees that the Account will be managed solely by Wealthfront Advisers based on the information Client has provided to Wealthfront Advisers. Client further understands that if any of the information Client provides to Wealthfront Advisers is or becomes incomplete or inaccurate, the Account's activities may change and, as a result, would be less likely to achieve Client's desired investment or tax strategy; or the Account may purchase Securities from which Client is restricted from purchasing at that time or the Plan may otherwise be inappropriate for Client.. An Account's transactions may be aggregated with and/or executed at approximately the same time as transactions in other client accounts managed by Wealthfront Advisers or which have engaged

Wealthfront Advisers to act as the Client's investment adviser. As a result of such transaction aggregations, which Wealthfront Brokerage, as agent for Wealthfront Advisers, is permitted to carry out, the price at which Client's transaction is executed may be different than it would be if Client's transaction was executed on an individual basis and may be less advantageous.

iii. Client understands and agrees that Wealthfront Advisers has sole discretion regarding the manner in which transaction orders are placed for the purchase and sale of Securities for the Client Account(s). Client further understands and agrees that prices of Securities purchased and sold for the Client Account(s) may be less favorable than the prices obtained for the same Securities in similar transactions by other client accounts managed by Wealthfront Advisers and/or other non-related market participants.

iv. Client understands and agrees that an Account's composition and performance may be different for a variety of reasons from those of any Plan recommendation to a Client. These differences can arise each time the Plan is adjusted or rebalanced, including, but not limited to, the following instances: (A) when the Account is established and the initial Securities positions are established; (B) when Client contributes additional capital to such Account; (C) when Client revises the Investment Profile, makes any elections or changes to their allocations, or takes any other action that causes Wealthfront Advisers to recommend a new Plan or revise the existing Plan; (D) each time the Advisory Fee (described in Section 5 of this Agreement) is charged and paid from such Account; and (E) any time Wealthfront Advisers adjusts its algorithm by which the composition of the Account is maintained as specified for the Plan. On any such adjustment, Wealthfront Advisers may adjust the Plan in its discretion to approximate the composition specified in the Plan as closely as reasonably practicable based on the conditions at the time.

v. Client understands and agrees that the prices of Securities purchased or sold for the Account may be less favorable than the prices in similar transactions for other Wealthfront Advisers' Clients for whom Wealthfront Advisers has designated different Plans.

vi. Client understands and agrees that the Account must maintain at all times a minimum balance (\$500 or as otherwise specified by Wealthfront Advisers on the Site or App) unless the balance drops below the specified minimum due solely to decreases in the values of the Account's Securities and not due to any withdrawals of funds while the balance of the Account met the minimum as provided in this Section 2(b)(vi). Without in any way limiting Wealthfront Advisers' rights pursuant to Section 14 hereof, if the Account balance falls below the specified minimum, Wealthfront Advisers may liquidate the Account holdings, deliver the proceeds of the liquidation to Client, and close the Account.

3. Custody

Client has appointed Wealthfront Brokerage, through its clearing broker, as its broker and custodian for the Account pursuant to a separate "IRA Automated Investing Account Customer Brokerage and Custody Agreement." Wealthfront Advisers shall not be liable to Client for any act, conduct or omission by Wealthfront Brokerage and/or the clearing broker in their capacity as broker or custodian. At no time will Wealthfront Advisers accept, maintain possession, or have custodial responsibility for Client's assets or Securities. Client assets and Securities will be delivered to the Account exclusively by Wealthfront Brokerage and its clearing broker and consistent with their delivery and settlement instructions.

4. Confidentiality

Except as required by law or requested by regulatory authorities, (a) Wealthfront Advisers agrees to maintain in strict confidence all of Client's non-public personal and financial information that Client furnishes to Wealthfront Advisers, except for information that Client explicitly agrees to share publicly, and (b) Client agrees to maintain in strict confidence all investment advice and other non-public information that Client acquires from Wealthfront Advisers in connection with the Account. Client agrees that Client shall not use investment recommendations and other confidential information Client receives from Wealthfront Advisers for any purpose other than managing the Account, including, but not limited to, developing a service that competes with the Site or Wealthfront Advisers' services. Client acknowledges receipt of and consents to Wealthfront Advisers' Privacy Policy available at www.wealthfront.com/legal/privacy. Client understands, acknowledges, and agrees that Client can opt-out of certain portions of the Wealthfront Advisers Privacy Policy at any time; however, if the Client does opt out, Wealthfront Advisers may choose to terminate this Agreement and all related Accounts. Notwithstanding any provisions in this Agreement to the contrary, Wealthfront Advisers may share Client's non-public personal and financial information with affiliates of Wealthfront Advisers in connection with providing and/or enhancing the services provided to Client.

5. Fees and Compensation

Wealthfront Advisers specifies the annual advisory fee rate it charges for the products and services provided to Client under this

Agreement (the “Advisory Fee”) and posts the Advisory Fee on the Client’s Account page on the Site and the App. Fees due shall be calculated by multiplying the Advisory Fee by the net market value of the Account as of the close of trading on the New York Stock Exchange (“NYSE”) (herein, “close of markets”) on such day, or as of the close of markets on the immediately preceding trading day for any day when the NYSE is closed, and then by dividing by 365 (except in any leap year, during which year the amount shall be divided by 366). Except as provided below, the fees due for each calendar month (consisting of the aggregate of the daily fee for each day in that calendar month) shall be due and payable in arrears no later than the tenth business day of the immediately following calendar month. Wealthfront Advisers will promptly notify Client of any increase or decrease in the Advisory Fee. An increase in the Advisory Fee will be effective for the Account starting in the next month that begins at least 30 days after Wealthfront Advisers sends or posts such notice. A reduction in the Advisory Fee will be effective for the Account starting in the next month following its reduction.

(a) If Client closes the Account, withdraws the entire balance of the Account, or otherwise terminates this Agreement on any date other than the last business day of the month, Wealthfront Advisers will continue to collect the Advisory Fee as described herein through the effective date of such withdrawal or termination.

(b) If, for any reason, Wealthfront Advisers closes and liquidates all the positions held in the Account, Client will receive the proceeds of the liquidated portion of the Account net of any Advisory Fee due, and this Agreement shall terminate.

(c) If, for any reason, there is insufficient cash available in the Account to cover the Advisory Fees at the time they are charged, Wealthfront Advisers, in its sole discretion, may cause certain Securities in the Account to be liquidated to allow the Advisory Fee to be deducted from the Account.

(d) Wealthfront Advisers reserves the right, in its sole and absolute discretion, to reduce or waive the Advisory Fee for certain Client Accounts for any period of time determined by Wealthfront Advisers. In addition, Client agrees that Wealthfront Advisers may waive its fees for the Accounts of clients other than Client, without notice to Client and without waiving its fees for Client. In exercise of its sole and absolute discretion Wealthfront Advisers may amend or terminate any reduction or waiver of the Advisory Fee. Wealthfront Advisers will promptly notify Client of any increase or decrease in the reduction or waiver of the Advisory Fee. A change in the waiver or reduction of the Advisory Fee will be effective for the Account starting in the next month that begins at least 30 days after Wealthfront Advisers sends or posts such notice.

6. Valuation

The assets in the Account will be valued by Wealthfront Brokerage.

7. Responsibility for Expenses

Clients may bear additional fees, however, such as fees embedded in the products (including without limitation ETFs or mutual funds) held in the Account. Furthermore, Wealthfront Brokerage may charge Clients additional fees or expenses for optional brokerage services or products. Client shall be responsible for tax withholding on the Account.

8. Payment of Fees

Wealthfront Advisers may, in its discretion, either (a) cause the Account to pay to Wealthfront Advisers any amount owing to Wealthfront Advisers or Wealthfront Brokerage under this Agreement or (b) bill Client for such amount, in which case Client shall pay such amount to Wealthfront Advisers within ten (10) days of Client’s receipt of such bill. If Wealthfront Advisers causes the Account to pay Wealthfront Advisers or Wealthfront Brokerage directly, Wealthfront Advisers will inform Wealthfront Brokerage of the amount of the Advisory Fee to be paid to Wealthfront Advisers directly from the Account and notify Client, after the Advisory Fee has been charged, the amount of the Advisory Fee and the net market values of Client’s assets on which the Advisory Fee has been based. Notification to Client will be through Client’s user account on the Site, the App, or by email at the address(es) provided by Client to Wealthfront Advisers.

9. Portfolio Transactions

(a) Wealthfront Advisers’ will route orders for the execution of transactions for the Client Account to Wealthfront Brokerage, for on-routing to third party broker-dealers in accordance with Wealthfront Advisers’ Form ADV Part 2 (available at https://www.wealthfront.com/static/documents/form_adv_part_2.pdf) as may be amended from time to time. By entering this Agreement, Client acknowledges that Client has received and considered the Form ADV Part 2. In seeking to achieve best execution, Wealthfront Advisers shall not have any responsibility for obtaining for the Account the lowest possible prices or any particular commission rates.

(b) Client agrees that Wealthfront Advisers, or any person controlling, controlled by, or under common control with Wealthfront Advisers, may act as broker for both Client and for another person on the other side of any transaction involving funds or Securities in the Account (“Agency Cross Transaction”). Client recognizes that Wealthfront Advisers or its affiliates may receive commissions and have a potentially conflicting division of loyalties and responsibilities regarding both parties to such Agency Cross Transactions. If Wealthfront Advisers engages in an Agency Cross Transaction, Wealthfront Advisers or its designee will send to Client a written confirmation at or before the completion of each such Agency Cross Transaction, which confirmation will include (i) a statement of the nature of such Agency Cross Transaction, (ii) the date such Agency Cross Transaction shall have taken place, (iii) an offer to furnish, on request, the time when such Agency Cross Transaction shall have taken place, and (iv) the source and amount of any other remuneration received or to be received by Wealthfront Advisers or any of its affiliates in connection with such Agency Cross Transaction. Wealthfront Advisers shall also send to Client, at least annually, a written statement identifying the total amount of such Agency Cross Transactions during the period included in the statement, and the total commissions or other remuneration received or to be received by Wealthfront Advisers or any of its affiliates in connection with such Agency Cross Transaction included in the statement. The consent to Agency Cross Transactions set forth in this Section may be revoked by Client at any time by notifying Wealthfront Advisers in writing.

(c) Wealthfront Advisers may make available for investment certain products that are offered by or affiliated with Wealthfront Advisers and/or its affiliates. Client understands that Wealthfront Advisers and its affiliates may receive compensation for services, including advisory services and other services, provided to such affiliated products. To the extent Client is invested in such products, Client will bear its proportional share of such compensation. Client should refer to the applicable Form ADV Part 2 for a description of the conflicts of interest that may be associated with the offering of affiliated investment products. By entering this Agreement, Client acknowledges that Wealthfront may have conflicts of interest in connection with providing advice to clients, and Client hereby consents to such conflicts to the extent disclosed by Wealthfront Advisers.

10. Automated Savings Plan

By enabling Wealthfront Advisers automatic cash allocation features (the “Automated Savings Plan” formerly known as “Autopilot”), Client expressly authorizes Wealthfront Advisers to periodically scan Client’s linked deposit account(s) or Cash Account for excess cash (as determined by Client in the App or Site). Client hereby also authorizes Wealthfront Advisers to instruct Wealthfront Brokerage to withdraw funds from the designated account and deposit those funds into Client’s Account or Cash Account in accordance with the standing instructions Client provides in the App or Site. By enabling the Automated Savings Plan, Client acknowledges that Wealthfront Advisers relies on third-party linking data to provide the Automated Savings Plan, and Client understands that neither Wealthfront Advisers nor Wealthfront Brokerage guarantees the accuracy or completeness of such third-party data. Client also understands that Wealthfront Brokerage relies on third-parties to effect banking transactions and cannot guarantee the speed or timing in which those third-parties conduct transactions related to the Automated Savings Plan or the Cash Account.

By enabling the Automated Savings Plan, Client expressly agrees to hold Wealthfront Advisers, as well as its affiliates and Indemnified Persons (as defined below), harmless for any and all claimed losses, damages, liabilities, and expenses that arise, either directly or indirectly, out of transactions initiated by Wealthfront Advisers in connection with the Automated Savings Plan or the Cash Account, including, but not limited to, overdraft fees, tax liabilities, and transaction fees. Furthermore, Client acknowledges that Client must provide Wealthfront Advisers a reasonable amount of time to act upon revocation of authorization of the Automated Savings Plan, in each instance, no less than one (1) full Federal Reserve System business day prior to a scheduled withdrawal.

11. Client-Defined Portfolios

However, Client understands and agrees that Wealthfront Advisers retains full discretion over Client-Defined Portfolios. In certain situations, Securities and allocations in the Client- Defined Portfolio may differ from Securities and allocations elected by Client. A lack of liquidity, market conditions, unavailable pricing, software failure, tax considerations, wash sale prevention, and other factors may prevent Wealthfront Advisers from effecting transactions in accordance with Client’s specified elections

12. Limitation of Liability and Indemnification

To the extent permitted under applicable law, Client indemnifies and holds harmless Wealthfront Advisers, its affiliates and their directors, managers, members, officers, shareholders, employees and any person controlled by or controlling Wealthfront Advisers (the Indemnified Persons) against any and all losses, expenses, damages, liabilities, charges, and claims of any kind or nature whatsoever (including without limitation any legal expenses and costs and expenses relating to investigating or defending any demands, charges and claims) (collectively, “Losses”) incurred by virtue of acting on instructions of Client with respect to

any Accounts, except to the extent that such Losses are actual losses of the Client proven with reasonable certainty and are the direct result of an act or omission taken or omitted by Wealthfront Advisers during the term of this Agreement which constitutes negligence or malfeasance, violation of applicable law, bad faith, or disregard of their respective obligations under this Agreement or as otherwise may be provided by law. Without limitation, the Indemnified Persons shall not be liable for Losses resulting from or in any way arising out of (i) any action of Client, its previous advisers or other agents including any Client Representative, any investment product or its affiliates or agents, or any third party broker or agent utilized by an investment product to effect transactions for the Account; (ii) force majeure or other events beyond the control of Wealthfront Advisers, including without limitation any failure, default or delay in performance resulting from government restrictions, regulatory requirements or actions, exchange market rulings, suspension of trading, acts of war, credit losses, reduced liquidity, elevated market volatility, computer or other electronic or mechanical equipment failure, unauthorized access, strikes, failure of common carrier or utility systems, severe weather or breakdown in communications not reasonably within the control of Wealthfront Advisers or other causes commonly known as “acts of God”; (iii) taxes, fines, or penalties payable by Client or any third-party; (iv) special, consequential, or incidental damages; (v) any misstatement or omission in third-party investment product descriptions, marketing materials, organizational documents, disclosure documents, or any other documents; (vi) the authorization (or lack thereof) of any Client Representative; or (vii) market conditions or investment performance unrelated to any violation of this Agreement by Wealthfront Advisers or Wealthfront Advisers’ negligence or malfeasance, violation of applicable law, bad faith, or disregard of its obligations under this Agreement or as otherwise may be provided by law. Client further agrees and acknowledges that all transactions are at Client’s risk and that the Indemnified Parties are not guaranteeing, or otherwise making representations with respect to, the performance of the Account. This indemnity shall be binding upon Client’s heirs, successors, and assigns. Notwithstanding anything in this Section or otherwise in this Agreement to the contrary, nothing herein shall constitute a waiver or limitation of any rights that Client may have under any federal or state securities laws, except to the extent lawfully modified in this Agreement. Nothing in this Agreement shall serve to limit the right of any Party with respect to the rules of applicable self-regulatory agencies, including rules relating to arbitration.

13. Proxies

Client hereby gives Wealthfront Advisers the authority to vote proxies for Securities held in Client Accounts pursuant to Wealthfront Advisers’ written policies and procedures, as outlined in Wealthfront Advisers’ Form ADV Part 2. Wealthfront Advisers will be responsible for voting all proxies with respect to Securities held in Client Accounts and will keep required records regarding this activity.

14. Termination; Withdrawals

This Agreement may be terminated by either party with or without cause by notice to the other party, which notice shall be provided by Client to Wealthfront Advisers through the Site and by Wealthfront Advisers to Client through the primary email address in Client’s Account Application as Client shall update from time to time. Client may withdraw all or part of the Account by notifying Wealthfront Advisers at any time provided that all partial withdrawals comply with Wealthfront Advisers’ required Account minimums as posted on the Site and updated from time to time, unless Wealthfront Advisers otherwise consents in advance. Client’s withdrawal of all of the Account under this Agreement, or Client’s withdrawal that results in an Account balance below the minimum as provided in Section 2(b)(vi) hereof will terminate this Agreement. Upon termination of this Agreement, Sections 8 (only as to fees accruing prior to termination), 12, 14, 18, and 20 through 26 shall survive such termination. Client understands and agrees that upon termination of this Agreement Wealthfront Advisers may determine to liquidate immediately all holdings in the Plan and the Account, and subject to Section 12 hereof, Wealthfront Advisers shall not be liable to Client to any consequences of such liquidation.

15. Account Statements

Client will receive account statements via electronic delivery from Wealthfront Brokerage, which are the official records of the Account. Wealthfront Advisers may also provide information about the Account from time to time.

16. Consent to Electronic Delivery

Client hereby authorizes and instructs Wealthfront Advisers and Wealthfront Brokerage to deliver any type of document relating to the Account (including this Agreement, any other agreements, the Privacy Policy, Form ADV Part 2, account statements, and tax documents), instead of paper copies, by email to the email address Client provides to Wealthfront Advisers, by communication through the App, or by referring Client to a website via a link or otherwise. Account statements transmitted electronically from Wealthfront Brokerage are the official records of the Account. Client agrees that Client will maintain access to a computer or other device capable of accessing email and other communications from Wealthfront Advisers, including PDF files, and that Client is solely responsible for any printing costs, online provider fees, or other costs that may be incurred in accessing the products and services. Client agrees that it will be solely Client’s responsibility to maintain a functioning email account and address and that Wealthfront Advisers and Wealthfront Brokerage shall have no responsibility to ensure that delivery to the email

address provided by Client is successful, for example, in the case of bounce-back notifications, or to send documents via an alternative method when a bounce-back notification or other error message appears, in the judgment of Wealthfront Advisers, to be the result of Client's failure to maintain a functioning email account capable of receiving email from Wealthfront Advisers. Client acknowledges and agrees that it may sometimes be necessary for Wealthfront Advisers to send paper copies to the mailing address provided by Client. Client also acknowledges and agrees that some documents may require Client to enroll in electronic delivery through other procedures.

17. Independent Contractor

Wealthfront Advisers is and will hereafter act as an independent contractor and not as an employee of Client, and nothing in this Agreement may be interpreted or construed to create any employment, partnership, joint venture or other relationship between Wealthfront Advisers and Client.

18. Assignment

Wealthfront Advisers may not assign this Agreement without the prior consent of Client or the consent of any additional authorized signatories on behalf of Client, if such consent is required under the Investment Advisers Act of 1940, as amended. In the event of an assignment by Wealthfront Advisers, Wealthfront Advisers shall notify Client in writing of such assignment within a specified reasonable time (which shall not be less than thirty (30) days) for Client to opt out or object to the assignment. If Client does not opt out within the time specified, Client will have been deemed to consent to such assignment and the proposed assignee will continue the advisory services of Wealthfront Advisers. Client's continued acceptance of investment management services from the proposed assignee shall constitute Client's consent(s) to the assignment. This Agreement shall bind and inure to the benefit of and be enforceable by the parties and their respective successors and assigns.

19. Delivery of Information

Client acknowledges electronic delivery of Wealthfront Advisers' brochure that would be required to be delivered under the Advisers Act (including the information in Part 2 of Wealthfront Advisers' Form ADV), which is available on the Site and the App and provided here by link:

https://www.wealthfront.com/static/documents/form_adv_part_2.pdf

On written request by Client, Wealthfront Advisers agrees to annually deliver electronically, without charge, Wealthfront Advisers' brochure required by the Advisers Act.

20. Governing Law

This Agreement shall be governed exclusively by and construed and interpreted in accordance with the U.S. Federal Arbitration Act, federal arbitration law, and the laws of the State of California, excluding its provisions on conflicts or choice of laws. Except as otherwise expressly set forth in Section 21 of this Agreement below, any legal action or proceeding arising under this Agreement shall be brought exclusively in courts located in San Francisco, California or federal court for the Northern District of California, and the parties hereby irrevocably consent to the personal jurisdiction and venue therein.

21. Arbitration

Any dispute, claim or controversy arising out of or relating to the advisory services provided by Wealthfront Advisers, this Agreement or the breach, termination, enforcement, interpretation, or validity thereof, including the determination of the scope or applicability of this Agreement to arbitrate (each a "Dispute"), shall be **resolved solely by binding, individual arbitration rather than a class, representative or consolidated action or proceeding**. Client and Wealthfront Advisers each further agree that the U.S. Federal Arbitration Act governs the interpretation and enforcement of this Agreement, and that each party is waiving the right to a trial by jury or to participate in a class action. This arbitration provision shall survive termination of this Agreement.

(a) **Exceptions.** As limited exceptions to mandatory arbitration as set forth in this Section, the parties each retain the right to seek injunctive or other equitable relief from a court to prevent (or enjoin) the infringement or misappropriation of our intellectual property rights.

(b) **Conducting Arbitration and Arbitration Rules.** The arbitration will be conducted by the American Arbitration Association ("AAA") under its Consumer Arbitration Rules (the "AAA Rules") then in effect, except as modified by this Agreement. The AAA Rules are available at www.adr.org or by calling 1-800-778-7879. A party who wishes to start arbitration must submit a written Demand for Arbitration to AAA and give notice to the other party as specified in the AAA Rules. The AAA provides a form Demand for Arbitration at www.adr.org.

If Client's claim is for U.S. \$10,000 or less, Client may choose whether the arbitration will be conducted solely on the basis of documents submitted to the arbitrator, through a telephonic or video-conference hearing, or by an in-person hearing as established by the AAA Rules. If Client's claim exceeds U.S. \$10,000, the right to a hearing will be determined by the AAA Rules. Any arbitration hearings will take place in San Mateo County, California, unless the parties both agree in writing to a different location. Client and Wealthfront Advisers agree that the arbitrator shall have exclusive authority to decide all issues relating to the interpretation, applicability, enforceability, and scope of the terms of this Agreement.

(c) Arbitration Costs. Payment of all filing, administration and arbitrator fees will be governed by the AAA Rules. If Client prevails in arbitration Client will be entitled to an award of attorneys' fees and expenses to the extent provided under applicable law.

(d) Effect of Changes on Arbitration. Wealthfront Advisers reserves the right to modify this Section 21 at any time upon 30 days' written notice to you. Any such modification shall be prospective and shall not affect previously filed claims. By keeping your client account with Wealthfront Advisers or by continuing to use services provided by Wealthfront Advisers, you agree to and accept all terms and conditions of any modifications.

Class Action Waiver. Client AND WEALTHFRONT ADVISERS AGREE THAT EACH MAY BRING CLAIMS AGAINST THE OTHER ONLY IN YOUR OR ITS INDIVIDUAL CAPACITY, AND NOT AS A PLAINTIFF OR CLASS MEMBER IN ANY PURPORTED CLASS OR REPRESENTATIVE PROCEEDING. Further, if our Dispute is resolved through arbitration, the arbitrator may not consolidate another person's claims with Client's claims and may not otherwise preside over any form of a representative or class proceeding. If any of the specific provisions within this Section are found to be unenforceable, the remainder of this Section shall not be affected thereby and, to this extent, the provisions of this Section shall be deemed to be severable. If there is a final judicial determination that any particular claim (or a request for particular relief) cannot be arbitrated in accordance with this Section, then only that claim (or only that request for relief) may be brought in court. All other claims (or requests for relief) remain subject to this Section.

22. Notices

All notices and communications under this Agreement must be made through the Site or by email. Wealthfront Advisers' contact information for this purpose is support@wealthfront.com, and Client's contact information for this purpose is contained in Client's user account on the Site and the primary email address(es) in Client's Account Application as Client shall update from time to time. Wealthfront Advisers current address is 261 Hamilton Avenue, Palo Alto, CA 94301.

23. Severability and Amendment

The invalidity or unenforceability of any provision hereof shall in no way affect the validity or enforceability of any and all other provisions hereof. Client acknowledges that Wealthfront Advisers may amend this Agreement from time to time, which amendment(s) will become effective and applicable to Client when published on the Site or otherwise made available to Clients (except as provided in Section 5) and shall govern the relationship between the Client and Wealthfront Advisers during the entire term of this Agreement. Client acknowledges that Client will be responsible for checking the Site and App periodically for such amendment(s) to this Agreement.

24. Waiver or Modification

Wealthfront Advisers' waiver or modification of any condition or obligation hereunder shall not be construed as a waiver or modification of any other condition or obligation, nor shall Wealthfront Advisers' waiver or modification granted on one occasion be construed as applying to any other occasion.

25. Entire Agreement

This Agreement, together with the Brokerage Agreement, is the entire agreement of the parties regarding the subject matter hereof and supersedes all prior or contemporaneous written or oral negotiations, correspondence, agreements, and understandings (including without limitation any and all preexisting client account agreements, which are hereby canceled). However, the parties may choose to enter into separate agreements between them regarding different subject matters or investment programs.

26. No Third-Party Beneficiaries

Neither party intends for this Agreement to benefit any third party (other than Wealthfront Brokerage) not expressly named in this

Agreement.

27. Death, Disability, or Divorce

Upon receiving notice of Client's death, disability, incompetency, or divorce, Wealthfront Brokerage may restrict disbursements and other Account transactions, until satisfactory documentation is received. If a Client is an individual, the Client's death, disability or incompetency will not automatically terminate or change the terms of this Agreement. However, the Client's executor, guardian or attorney-in-fact may terminate this Agreement by giving written notice to Wealthfront Advisers. In the event that Client is a joint Account holder, all joint Account holders agree that if the Account or assets therein ever becomes the subject of a dispute between Account holders, and Wealthfront Advisers becomes aware of the dispute, Wealthfront Advisers may refuse to disburse or allow for the termination of this Agreement without the consent of both joint Account holders. Further, both Account holders agree that in the event that one Account holder provides instructions to Wealthfront Advisers, even if the instructions are to terminate the Agreement and disburse all funds from the Account to one of the Account holders, Wealthfront Advisers may do so without the permission of, and without providing notice to, the other Account holder and will have no liability to either Account holder.

28. Power of Attorney

Client hereby appoints Wealthfront Advisers as Client's agent and attorney-in-fact with full power and authority to enter into, amend or terminate contracts related to the administration and custody of the IRA Account(s) with Custodian and/or such other administrator and custodian as Wealthfront Advisers shall designate from time to time. Client further grants to Wealthfront Advisers as Client's agent and attorney-in-fact with full power and authority to do and perform every act necessary and proper to be done in the exercise of the foregoing powers as fully as Client might or could do if personally present. This power of attorney shall terminate only upon the termination of this Agreement.

A. General Description of the Company

Wealthfront Advisers is an automated investment adviser registered with the SEC. Wealthfront Advisers provides clients' with software-based investment advisory and portfolio management services through the Wealthfront Advisers Program. This Program, launched in December 2011, is made available via brokerage accounts that all clients open at Wealthfront Brokerage LLC ("Wealthfront Brokerage"), a member of Financial Industry Regulatory Authority ("FINRA"). Wealthfront Advisers became the successor investment adviser to Wealthfront Inc. effective August 1, 2018. On the same date, Wealthfront Inc. changed its name to Wealthfront Corporation. Software-based financial planning tools and services (as described further in Item 4.B below) are provided by Wealthfront Software LLC ("Wealthfront Software"). Since February 2019, Wealthfront Brokerage has offered a cash account to Clients, (the "Wealthfront Cash Account"), where Wealthfront Brokerage conveys uninvested cash account funds to depository institutions that accept and maintain such deposits ("partner banks"). Neither Wealthfront Brokerage nor its affiliates are a bank. The cash balance in a Client's Wealthfront Cash Account is swept to one or more partner banks, where it earns a variable rate of interest and is eligible for Federal Deposit Insurance Corporation ("FDIC") insurance while such cash balance awaits investments. FDIC insurance is not provided, and interest is not earned, until the funds arrive at the partner banks. In addition, Wealthfront Brokerage offers a margin lending product called Portfolio Line of Credit ("PLOC"), which is offered to Clients who meet the required minimum balance in a taxable investment account advised by Wealthfront Advisers, in addition to other minimum account thresholds. Wealthfront Brokerage charges interest on the funds borrowed under a PLOC for the time that the loan is outstanding although it is not due until the loan is repaid. Wealthfront Advisers, Wealthfront Brokerage, and Wealthfront Software are wholly owned subsidiaries of Wealthfront Corporation, which is a privately held company headquartered in Palo Alto, California.

Wealthfront Advisers, Wealthfront Brokerage, and Wealthfront Software are wholly owned subsidiaries of Wealthfront Corporation, which is a privately held company headquartered in Palo Alto, California. Additional information about Wealthfront Advisers' products, structure and directors is provided on Part 1 of Wealthfront Advisers' Form ADV which is available online at www.adviserinfo.sec.gov or at www.wealthfront.com. We encourage visiting our website www.wealthfront.com for additional information.

B. Summary of Investment Advisory Services

Wealthfront Advisers offers an automated investment advisory service that makes it possible for anyone who enters into a Wealthfront Advisers Advisory Client Agreement (the "Advisory Client Agreement"), to access state-of-the-art investment advisory and portfolio management services. Clients can choose between portfolios we recommend and the ability to customize our recommendation. As provided in separate Advisory Client Agreements, advisory clients ("Clients") may grant Wealthfront Advisers either (1) full discretionary authority to manage Client assets; or (2) limited discretionary authority (i.e., time, price, number of shares), while Client retains general investment discretion. Client accounts ("Client Accounts" or "Accounts") are opened and maintained at Wealthfront Brokerage (and in the case of the 529 college savings

plan (“529 Accounts”), the sponsoring state trust fund account) pursuant to the Wealthfront Brokerage Customer Brokerage and Custody Agreement (the “Brokerage Agreement”).

Automated Investing Accounts

Wealthfront Advisers manages certain Client Accounts on a fully discretionary basis (“Automated Investing Accounts”). This means that Wealthfront Advisers is authorized to trade our Clients’ ETFs or other investments in Automated Investing Accounts to maintain the Client’s target investment allocation. Wealthfront Advisers utilizes software to conduct this trading to invest Client deposits, fund Client withdrawals, perform rebalancing to maintain target portfolio allocations, and execute tax-loss harvesting strategies.

Clients may open an Automated Investing Account that is either: (1) an individualized taxable account or an individual retirement account (“IRA”) that allows Clients to choose between portfolios we recommend and the ability to customize our recommendations; or (2) 529 Accounts. Our Automated Investing Accounts are diversified, automated portfolios designed to maximize returns for Clients’ individual risk tolerances and other preferences.

Wealthfront Advisers creates an investment plan and manages a Client’s taxable or IRA portfolio by identifying: 1) optimal asset classes in which to invest, 2) efficient ETFs or other investments to represent each of those asset classes, and 3) an ideal mix of asset classes based on the Client’s specific risk tolerance. Clients may also choose to customize our recommendations and make adjustments to our recommended investment allocations, increasing or decreasing the target percentage of a particular ETF or investment. Clients can also choose from a list of additional ETFs or other investments and request specific allocations to each. Wealthfront Advisers may limit Client allocations to certain investments or groups of investments.

For 529 Accounts, Wealthfront Advisers constructs an individual portfolio based on the Client’s individual risk tolerances that uses up to nine of the 529 plan’s separate municipal fund securities (each a “MFS”), of which each MFS contains a single underlying ETF. Using the Client’s risk score, Wealthfront Advisers assigns the Client’s individual portfolio to one out of 20 glide paths, each of which determines how the Client’s individual portfolio’s allocations of designated portfolios will change over time. Each glide path gradually shifts the asset allocations of the MFSs in the Client’s individual portfolio to progressively decreasing levels of expected risk as the beneficiary’s expected matriculation date approaches. The Client’s starting point along the specific glide path is determined by the beneficiary’s expected time to matriculation. We do not support Client-customized portfolio allocations for 529 Accounts.

For taxable Automated Investing Accounts, Wealthfront Advisers offers tax-loss harvesting (“TLH”) strategies. TLH is a technique designed to help lower your taxes while maintaining the expected risk and return profile of your portfolio. TLH harvests previously unrecognized investment losses to offset taxes due on your other gains and income by selling a security at a loss to accelerate the realization of capital loss and investing the proceeds in a security with closely correlated risk and return characteristics. The realized loss can be applied to lower your tax liability and the tax savings can be reinvested to grow the value of your portfolio. Wealthfront Advisers’ basic TLH strategy harvests tax losses on a Client’s ETFs by selling an ETF at a loss and replacing it with an alternative ETF that tracks a different, but highly correlated index to maintain the risk and return characteristics of the Client’s portfolio.

Wealthfront Advisers also offers more advanced versions of TLH strategies—available to Clients with larger account sizes—that involve allocating a portion of the Client’s portfolio to a range of individual US stocks, which increases the Client’s opportunity to harvest tax losses. Clients with taxable accounts that have between \$100,000 and \$500,000 in assets can choose our US Direct Indexing service as an enhanced form of TLH that looks for movements in individual stocks to harvest more tax losses. Instead of using a single ETF or index fund to invest in US stocks, US Direct Indexing purchases the largest individual stocks in the US equity market (the number of such individual stocks purchased depends on account size) on a market-weighted basis to increase the opportunity for tax-loss harvesting presented by the movement of individual stocks. Clients with taxable Investment Accounts that have at least \$500,000 qualify for our no-fee Smart Beta service, which serves as an enhancement to our US Direct Indexing service. Clients who signed up for our US Direct Indexing service may specify US stocks they choose to restrict, but may not customize the portfolio allocations in those accounts.

Further, our Automated Investing Accounts are investment advisory programs under Rule 3a-4 of the Investment Company Act of 1940. This means: (1) Wealthfront Advisers manages each Client’s account based on the Client’s individual financial situation and investment objectives, which information is obtained at account opening; (2) Wealthfront Advisers contacts Clients via email on a quarterly basis to request whether there have been any changes to the Client’s financial situation or investment objectives; (3) as noted in Item 7.3, Clients may, at account opening or anytime thereafter, impose reasonable restrictions on how their Account is managed by customizing our recommended portfolios or by updating their settings to restrict investments in certain US Stocks, (4) Clients may contact Product Support team members (who are Wealthfront Advisers personnel who are knowledgeable about the Accounts and their management) to ask questions relating to their Account; (5) Clients receive monthly statements of all activity in their Account; and (6) Clients retain rights of ownership in the underlying securities in their accounts.

Stock Investing Account

Clients may also open a “Stock Investing Account,” which is a taxable account that allows Clients to invest in certain exchange-traded securities, including stocks. In a Stock Investing Account, Clients grant Wealthfront Advisers limited discretion, with Wealthfront Advisers exercising discretion over the specifics of the transaction, including the time, price, number of shares, and units or dollar amounts in the transaction. The Client retains general investment discretion over other matters, including the ultimate decision as to which securities to include in the account. Upon opening a Stock Investing Account, Clients who do not have an active Wealthfront Cash Account must open a separate Wealthfront Cash Account.

Automated Savings

In addition to investment advisory and portfolio management services, Wealthfront Advisers offers a service called Automated Savings to Clients, free of charge. Clients may opt into this service and can stop or restart its use at any time at no cost to them. With Automated Savings, Wealthfront Advisers monitors a Client’s checking account or Wealthfront Cash Account for excess cash over the maximum balance set by the Client. If the monitored account has exceeded the Client’s prescribed maximum balance by at least \$100, Wealthfront Advisers will schedule

transfers of the excess cash from the monitored account to one or more of the Client's Wealthfront accounts of choice. The Client will receive an email notification when these transfers have been scheduled and will have 24 hours to cancel the transfers before they occur.

Financial Planning Through Software

In addition to investment advisory and portfolio management services, Wealthfront Advisers, through its affiliate Wealthfront Software, also provides certain software-based financial planning tools and services (the "Financial Planning Service") to its Clients. The Financial Planning Service is a product offered, free of charge, by Wealthfront Software and is made available to Wealthfront Advisers' Clients free of charge through a contractual arrangement between Wealthfront Advisers and Wealthfront Software.

Advisory Fees for Automated Investing Accounts

An Automated Investing Account is a "wrap account," meaning it is a professionally managed investment account in which all expenses, including brokerage commissions (if any), management fees, and administrative costs, are "wrapped" into a single charge. Wealthfront Advisers is compensated for its advisory services by charging an annual wrap account fee of 0.25% on the net market value of a Client's Account. In some cases, Clients can have a portion of their assets managed for free.

Wealthfront Advisers' fees are charged on a monthly basis and they are not charged in advance. Fees are charged utilizing the following calculation: Wealthfront Advisers calculates a daily advisory fee, which is equal to the fee rate multiplied by the net market value of the Client's Account as of the close of trading on the New York Stock Exchange ("NYSE") (herein, "close of markets") on such day, or as of the close of markets on the immediately preceding trading day for any day when the NYSE is closed, and then divided by 365 (or 366 in any leap year). The advisory fee for a calendar month is equal to the total of the daily fees calculated during that month (less any deductions or fee waivers) and is deducted from Automated Investing Accounts no later than the tenth business day of the following month.

For 529 Accounts, Wealthfront Advisers waives its investment advisory fees on the first \$25,000 it manages for Nevada residents who open a 529 Account, and this fee waiver applies to the aggregate of all of the Nevada residents' Wealthfront Advisers account assets. This advisory fee is separate from the fees and expenses of the MFSs in which a Client invests in the 529 Account, which include the fees and expenses of the ETFs underlying such securities, the fees of the 529 Account recordkeeper and the fees of the state trust that issues the MFSs ("Plan Administration Fees"). Plan Administration Fees may change without prior notice.

Advisory Fees for Stock Investing Account

In a Stock Investing Account, Clients grant Wealthfront Advisers limited discretion, with Wealthfront Advisers exercising discretion over the specifics of the transaction, including the time, price, number of shares, and units or dollar amounts in the transaction. The Client retains general investment discretion over other matters, including the ultimate decision as to which securities to include in the portfolio. A Stock Investing Account is not a wrap account. As such, a wrap account fee does not apply to them. Instead, Wealthfront Brokerage pays Wealthfront

Advisers a percentage of the net interest margin it earns on deposits in Clients' required Wealthfront Cash Accounts. As a result, Clients pay no out of pocket advisory fees, nor does this reduce the rate of interest clients receive from cash maintained in their Wealthfront Cash Accounts. See Item 5 of Wealthfront Advisers' Form ADV Part 2A brochure for more details on the advisory fee paid in relation to Stock Investing Account.

Fee Changes

Wealthfront Advisers reserves the right, in its sole discretion, to negotiate, reduce or waive the advisory fee for certain Client Accounts for any period of time determined solely by Wealthfront Advisers. In addition, Wealthfront Advisers may reduce or waive its fees for the Accounts of some Clients without notice to, or fee adjustment for, other Clients. For Clients who had opened accounts prior to April 1, 2018, Wealthfront Advisers waived its investment advisory fees for the first \$10,000 of assets in any Wealthfront Advisers investment advisory account(s). However, this benefit is no longer available for new Clients who opened their initial account on or after April 1, 2018.

Other Account Fees

In addition to the advisory fees, Clients may also pay other fees or expenses to third parties, as well as to an affiliate of Wealthfront Advisers. The issuers of certain investments we purchase for Clients (such as ETFs, investment trusts, or other investments) may charge Clients separate product fees. Wealthfront Advisers does not charge these product fees to Clients, nor does it benefit directly or indirectly from any such fees. Product fees typically include embedded fund expenses that may reduce an investment fund's net asset value, and therefore directly affect the fund's performance and indirectly affect a Client's portfolio performance or an index benchmark comparison. Fund expenses may include management fees, custodian fees, brokerage commissions, and legal and accounting fees. Fund expenses may change from time to time at the sole discretion of the fund issuer. Wealthfront Advisers discloses current information for the investments we purchase for Clients, including product fees, on the Site. Investments in Wealthfront's Risk Parity Fund (the "Risk Parity Fund") are subject to such a product fee. The Risk Parity Fund is managed by Wealthfront Strategies LLC ("Wealthfront Strategies"), an SEC-registered investment adviser and an affiliate of Wealthfront Advisers. Additional information regarding the Risk Parity Fund and related fees and expenses can be found on the Site. In addition, Clients who use the PLOC offered by Wealthfront Brokerage to obtain a loan secured by the assets of their taxable Accounts will be charged interest on the outstanding balance.

Item 5 Account Requirements and Types of Clients

The minimum amount required to open and maintain an Automated Investing Account (i.e., "wrap accounts") with Wealthfront Advisers is \$500. Clients with a Stock Investing Account must maintain an active Wealthfront Cash Account.

As a result of the automation associated with offering its services online, Wealthfront Advisers makes it possible for retail investors, as well as retirement accounts and trusts, to access its service with much lower account minimums than normally available in the industry. Clients have access to their Accounts through the Site. Additional requirements for opening an Account with

Wealthfront Advisers are described in Item 4 of Wealthfront Advisers' Form ADV Part 2A brochure.

At any time, a Client may terminate an Account, or make partial or full withdrawals from an Account (provided an Automated Investing Account balance does not fall below the account minimum of \$500), update their investment profile, or customize our recommended portfolio allocation (including adding or removing specific ETFs or other investments from their designated allocation). These actions may initiate an adjustment in the Account's holdings. In such cases, unless otherwise directed by the Client, for example, in an Automated Investing Account, Wealthfront Advisers will sell the securities in the Account (or portion of the Account, in the case of a partial withdrawal or update) at market prices in a reasonable and timely manner. However, Wealthfront Advisers does not represent or guarantee that Wealthfront Advisers will respond to any such Client actions or requests immediately or in accordance with a set time schedule. See Item 16 of Wealthfront Advisers' Form ADV Part 2A brochure for a description of Wealthfront Advisers' discretionary investment authority, including the timing of Wealthfront Advisers' placement of Client trade orders.

Wealthfront Advisers is probably not the most appropriate service for someone who wants frequent feedback from an advisor. Investors evaluating Wealthfront Advisers' software-based investment advisory service should be aware that Wealthfront Advisers' relationship with Clients is likely to be different from the "traditional" investment advisory relationship in several aspects:

1. Wealthfront Advisers is a software-based investment adviser which means each Client must acknowledge their ability and willingness to conduct their relationship with Wealthfront Advisers on an electronic basis. Under the terms of the Advisory Client Agreement and the Brokerage Agreement, each Client agrees to receive all Account information and Account documents (including this Brochure and Wealthfront Advisers' Form ADV Part 2A brochure), and any updates or changes to same, through their her access to the Site and Wealthfront Advisers' electronic communications. Unless noted otherwise on the Site or within this Brochure, Wealthfront Advisers' investment advisory service, Wealthfront Brokerage's brokerage services, the signature for the Advisory Client Agreement and the Brokerage Agreement, and all documentation related to the advisory services are managed electronically. Wealthfront Advisers does make individual representatives available to discuss servicing matters with Clients.
2. To provide its investment advisory services and tailor its investment recommendations to each Client's specific needs, Wealthfront Advisers collects information from each Client, including specific information about their investing profile such as financial situation, investment experience, and investment objectives. Wealthfront Advisers maintains this information in strict confidence subject to its Privacy Policy, which is provided on the Site. Although Wealthfront Advisers contacts its Clients periodically as described further in Item 13 below, a Client must promptly notify Wealthfront Advisers of any change in their financial situation or investment objectives that might require a review or revision of their portfolio.
3. Clients with Automated Investing Accounts can choose a portfolio Wealthfront Advisers recommends, which includes allocations to preselected ETFs. Clients can also customize

our recommended portfolios for their IRA or taxable accounts by increasing or decreasing portfolio allocations to the ETFs or investments in our recommended portfolio or by choosing from a list of available ETFs or other investments and requesting specific allocations to each. At account opening or anytime thereafter, Wealthfront Advisers allows Clients to update their settings to restrict Wealthfront Advisers from investing in the stock of public companies designated by the Client. The Risk Parity Fund may also be included in the plan for taxable Automated Investing Accounts with a minimum account size of \$100,000 if the Client so chooses.

4. In Stock Investing Account, Clients may request that Wealthfront Advisers undertake certain transactions, including the purchase and sale of securities.

Item 6 Portfolio Manager Selection and Evaluation

A. Modern Portfolio Theory (“MPT”)

For Automated Investing Accounts, Wealthfront Advisers offers three types of recommended, diversified, automated portfolios to clients with an IRA or taxable account: Classic portfolios, Socially Responsible portfolios, and Direct Indexing portfolios. Classic portfolios include allocations to preselected ETFs designed to provide a tradeoff between risk and long-term, after-tax, net-of-fee return through a diversified set of global asset classes. Socially Responsible portfolios are designed to offer similar risk-adjusted returns as our Classic portfolios with a focus on socially responsible investing (“SRI”). Although SRI does not have a single, agreed-upon definition, it may be described as an investment strategy that evaluates companies based on their benefit and/or detriment to society, rather than profits or intrinsic value alone. This concept comes from an ethical framework called “social responsibility,” in which individuals and corporations have an obligation to cooperate with others to benefit greater society. Some investors may take up SRI strategies due to a long-term belief in its investment value, and others may decide to use this strategy purely due to ethics. Direct Indexing portfolios use our US Direct Indexing service to replace the ETF that represents the US public equities asset class with individual securities that comprise up to 1,000 US stocks with the largest market capitalizations as a way of generating additional tax savings. Direct Indexing portfolios are available in taxable accounts that have between \$100,000 and \$500,000. As noted, Clients with Direct Indexing portfolios may specify US stocks they choose to restrict but may not customize the portfolio allocations in those accounts.

The composition of Classic, Socially Responsible, and Direct Indexing portfolios is based on Modern Portfolio Theory (“MPT”). MPT attempts to maximize a portfolio’s expected return for a given amount of portfolio risk, or equivalently minimize risk for a given level of expected return, by selecting the proportions of various asset classes rather than selecting individual securities. Historically, rigorous MPT-based financial advice has been available primarily through certain high-end financial advisors. Wealthfront Advisers’ goal is to enable anyone with at least \$500 to access the benefits of MPT.

Prior to the launch of the Wealthfront Advisers software-based investment advisory service, it was not practical to offer rigorous and complete MPT to everyone because delivering a complete solution was too complex. Specifically, the number of calculations required to identify an

optimized asset allocation, the ideal securities to represent each asset class, and an individual's true risk tolerance are beyond the scope of free, web-based tools. The job becomes even more difficult when considering the importance of periodically rebalancing a portfolio to maintain a desired risk level.

To employ MPT properly, one must start with an accurate determination of an individual's objective and subjective tolerance for risk. Achieving accuracy requires sophisticated software applied to more detailed questions than are typically asked by advisers. Based on this risk analysis, Wealthfront Advisers seeks to create an individualized investment plan using the optimal asset classes in which to invest, the most efficient and inexpensive ETFs to represent each of those asset classes, and the ideal mix of asset classes based on the Client's specific risk tolerance. Wealthfront Advisers uses Mean Variance Optimization to rigorously evaluate every possible combination of the following twelve asset classes: US equities, foreign developed markets equities, emerging markets equities, dividend growth equities, real estate, natural resources, treasury inflation protected securities (TIPS), municipal bonds, corporate bonds, emerging markets bonds, risk parity and US government bonds. Mean Variance Optimization uses the expected return and volatility for each asset class and the covariance among asset classes to find the combination that delivers the highest possible return for any given standard deviation of a portfolio's returns. Wealthfront Advisers however, must limit the number of assets classes for very small portfolios. Further, the risk parity asset class is only available to taxable Automated Investing Accounts with a minimum account size of \$100,000.

Wealthfront Advisers periodically reviews the entire population of more than 1,000 ETFs to identify the most appropriate ETFs to represent each asset class in our portfolios. We look for ETFs that minimize cost and tracking error and offer market liquidity. Many investors do not realize that ETFs do not exactly track the indexes they were created to mimic. Choosing an ETF with a low expense ratio that does not track the asset class recommended by our service runs the risk of sub-optimizing a Client's portfolio's performance. We choose ETFs that are expected to have sufficient liquidity to allow Client withdrawals at any time. Finally, we select ETFs that have conservative and shareholder-friendly securities lending policies.

In addition to choosing what we believe to be the best ETFs at the time, we explain why we chose each one. We provide a detailed analysis of how the selected ETF stacked up against the second and third best choice for each asset class on the dimensions described in the paragraph above.

Wealthfront Advisers continuously monitors our Clients' portfolios and periodically rebalances them back to the Clients' target mix in an effort to optimize returns for the intended level of risk. Wealthfront Advisers may consider tax implications and the volatility associated with each of the chosen asset classes when deciding when and how to rebalance, however no assurance can be made by Wealthfront Advisers that Clients will not incur capital gains, and in certain instances significant capital gains, when Client portfolios are rebalanced periodically. Wealthfront Advisers assumes no responsibility to its Clients for any tax consequences of any transaction, including any capital gains that may result from the rebalancing of an Automated Investing Account.

B. Tax-Loss Harvesting (“TLH”)

TLH is a technique designed to help appropriately reduce a Client’s taxes while maintaining the expected risk and return profile of the Client’s portfolio. It harvests previously unrecognized investment losses to offset taxes due on your other gains and income by selling a security at loss to accelerate the realization of capital loss and investing the proceeds in a security with closely correlated risk and return characteristics. The realized loss can be applied to reduce the Client’s tax liability and the tax savings can be reinvested to grow the value of your portfolio. Wealthfront Advisers’ basic TLH strategy, which is only applied to ETFs, is available to Clients with a taxable Automated Investing Account. TLH is also available to Clients who customize our recommended portfolios as long as their allocations include eligible ETFs. Eligible ETFs are those for which we have identified an alternative ETF that tracks a different, but closely correlated index to maintain the risk and return characteristics of the Client’s portfolio. Advanced versions of TLH—such as Direct Indexing portfolios and Smart Beta—are available for Clients with larger account sizes and are generally applied to individual stocks that comprise the domestic equity allocation in their taxable account portfolios.

C. Long Term, Buy and Hold Investment Philosophy

For Automated Investing Accounts, Wealthfront Advisers adheres to a long-term, “buy-and-hold” investment philosophy. While Wealthfront Advisers reserves the right to act otherwise if it feels that it is in the best interests of its Clients, Wealthfront Advisers does not try to time the market and in general, Wealthfront Advisers intentionally does not react to market movements in managing Client Accounts other than through rebalancing and tax-loss harvesting for Taxable Automated Investing Accounts. Wealthfront Advisers believes that numerous academic and industry studies show that “*short term fluctuations in market, which loom so large to investors, have little to do with the long-term accumulation of wealth.*” J. Siegel, Stocks for the Long Run (1977).

D. Customized Portfolios

Wealthfront Advisers offers a wider selection of ETFs and other investments to Clients who choose to customize our recommended portfolios in their IRA or taxable account. These ETFs and other investments may represent additional asset classes beyond the ones used in our recommended portfolios, or narrower subsets of these asset classes, allowing a more precise expression of Client investment preferences. We select these additional investments based on their overall level of risk, liquidity, tracking error to underlying indices (where applicable), cost of ownership, and popularity.

E. Risk Considerations

Wealthfront Advisers cannot guarantee any level of performance or that any Client will avoid a loss of Account assets. Also, to the extent that Client requests investments other than as recommended by Wealthfront Advisers, Client understands and agrees that such investments may be inconsistent with the Client’s investment profile. If Client has not provided sufficient, timely, or accurate information to Wealthfront Advisers, or if Client chooses not to follow Wealthfront Advisers’ recommendations and advice, Client’s investments may not achieve

results consistent with Client's investment profile. **Any investment in securities involves the possibility of financial loss that Clients should be prepared to bear.**

When evaluating risk, financial loss may be viewed differently by each Client and may depend on many different risk items, each of which may affect the probability of adverse consequences and the magnitude of any potential losses. The following risks may not be all-inclusive, but should be considered carefully by a prospective Client before retaining Wealthfront Advisers' services. These risks should be considered as possibilities, with additional regard to their actual probability of occurring and the effect on a Client if there is in fact an occurrence.

Market Risk – The price of any security or the value of an entire asset class can decline for a variety of reasons outside of Wealthfront Advisers' control, including, but not limited to, changes in the macroeconomic environment, unpredictable market sentiment, forecasted or unforeseen economic developments, interest rates, regulatory changes, and domestic or foreign political, demographic, or social events. If a Client has a high allocation in a particular asset class, it may negatively affect overall performance to the extent that the asset class underperforms relative to other market assets. Conversely, a low allocation to a particular asset class that outperforms other asset classes in a particular period will cause that Client Account to underperform relative to the overall market.

Advisory Risk – There is no guarantee that Wealthfront Advisers' judgment or investment decisions about particular securities or asset classes will necessarily produce the intended results. It is possible that Clients or Wealthfront Advisers itself may experience computer equipment failure, loss of internet access, viruses, or other events that may impair access to Wealthfront Advisers' software-based investment advisory service. Wealthfront Advisers and its representatives are not responsible to any Client for losses unless caused by Wealthfront Advisers' breach of its fiduciary duty.

Software Risk – Wealthfront Advisers delivers its investment advisory services entirely through software. Consequently, Wealthfront Advisers rigorously designs, develops and tests its software extensively before putting such software into production with actual Client Accounts and assets and periodically monitors the behaviors of such software after its deployment. Notwithstanding this rigorous design, development, testing and monitoring, it is possible that such software may not always perform exactly as intended or as disclosed on the Site, mobile app, blogs or other Wealthfront Advisers disclosure documents, especially in certain combinations of unusual circumstances. For example, there may be occasions where a number of Client Accounts may not experience TLH (even if TLH had been activated for such accounts) or rebalancing back to the Client's target asset allocation for extended periods of time, due to certain errors in the deployment of the software. Wealthfront Advisers continuously strives to monitor, detect and correct any software that does not perform as expected or as disclosed.

Volatility and Correlation Risk – Wealthfront Advisers' Security selection process is based in part on a careful evaluation of past price performance and volatility to evaluate future probabilities. It is possible that different or unrelated asset classes may exhibit similar price changes in similar directions which may adversely affect a Client's account and may become more acute in times of market upheaval or high volatility. **Past performance is no guarantee of future results, and any historical returns, expected returns, or probability projections may not reflect actual future performance.**

Liquidity and Valuation Risk – High volatility and/or the lack of deep and active liquid markets for a security may prevent a Client from selling their securities at all, or at an advantageous time or price because Wealthfront Advisers’ executing broker-dealer may have difficulty finding a buyer and may be forced to sell at a significant discount to market value. Some securities (including ETFs) that hold or trade financial instruments may be adversely affected by liquidity issues as they manage their portfolios. While Wealthfront Advisers values the securities held in Client Accounts based on reasonably available exchange traded security data, Wealthfront Advisers may from time to time receive or use inaccurate data, which could adversely affect security valuations, transaction size for purchases or sales, and/or the resulting advisory fees paid by a Client to Wealthfront Advisers.

Credit Risk – Wealthfront Advisers cannot control, and Clients are exposed to the risk that, financial intermediaries or security issuers may experience adverse economic consequences that may include impaired credit ratings, default, bankruptcy or insolvency, any of which may affect portfolio values or management. This risk applies to assets on deposit with any broker-dealer, notwithstanding asset segregation and insurance requirements that are beneficial to broker-dealer clients generally. In addition, exchange trading venues or trade settlement and clearing intermediaries could experience adverse events that may temporarily or permanently limit trading or adversely affect the value of Client securities. Finally, any issuer of securities may experience a credit event that could impair or erase the value of the issuer’s securities held by a Client. Wealthfront Advisers seeks to limit credit risk by generally adhering to the purchase of ETFs, which are subject to regulatory limits on asset segregation and leverage such that fund shareholders are given liquidation priority versus the fund issuer; however, certain funds and products, which Wealthfront Advisers generally does not invest in, may involve higher issuer credit risk because they are not structured as a registered fund.

Legislative and Tax Risk - Performance may directly or indirectly be affected by government legislation or regulation, which may include, but is not limited to: changes in investment adviser / financial advisor or securities trading regulation; change in the US government’s guarantee of ultimate payment of principal and interest on certain government securities; and changes in the tax code that could affect interest income, income characterization and/or tax reporting obligations (particularly for ETF securities dealing in natural resources). Wealthfront Advisers does not engage in tax planning, and in certain circumstances a Client may incur taxable income on their investments without a cash distribution to pay the tax due.

Tax-Loss Harvesting Risk - Clients who activate our tax-loss harvesting service are alerted to the following risks:

- **Clients should confer with their personal tax advisor regarding the tax consequences of investing with Wealthfront Advisers and engaging in the tax-loss harvesting strategy, based on their particular circumstances.** Clients and their personal tax advisors are responsible for how the transactions in the Client’s account are reported to the Internal Revenue Service (“IRS”) or any other taxing authority. Wealthfront Advisers assumes no responsibility to you for the tax consequences of any transaction, including any capital gains and/or wash sales that may result from the tax-loss harvesting strategy.
- Wealthfront Advisers’ tax-loss harvesting strategy is not intended as tax advice, and Wealthfront Advisers does not represent in any manner that the tax consequences

described will be obtained or that Wealthfront Advisers' investment strategy will result in any particular tax consequence. The tax consequences of this strategy and other Wealthfront Advisers strategies are complex and may be subject to challenge by the IRS. This strategy was not developed to be used by, and it cannot be used by, any investor to avoid penalties or interest.

- When Wealthfront Advisers replaces investments with “similar” investments as part of the tax-loss harvesting strategy, it is a reference to investments that are expected, but are not guaranteed, to perform similarly and that might reduce a Client’s tax bill while maintaining a similar expected risk and return on the Client’s portfolio. **Expected returns and risk characteristics are no guarantee of actual performance.**
- A Client must notify Wealthfront Advisers of specific stocks in which the Client is prohibited from investing. If a Client instructs Wealthfront Advisers not to purchase certain stocks, Wealthfront Advisers will select an alternate stock to purchase on the Client’s behalf or if Wealthfront Advisers deems no other stock as appropriate, not invest in an alternate stock. The Client shall notify Wealthfront Advisers immediately if you consider any investments recommended or made for the Account to violate such restrictions.
- The performance of the new securities purchased through the tax-loss harvesting service may be better or worse than the performance of the securities that are sold for tax-loss harvesting purposes.
- The effectiveness of the tax-loss harvesting strategy to reduce the tax liability of the Client will depend on the Client’s entire tax and investment profile, including purchases and dispositions in a Client’s (or Client’s spouse’s) accounts outside of Wealthfront Advisers and type of investments (e.g., taxable or nontaxable) or holding period (e.g., short-term or long-term). Clients who customize our recommended portfolios may also influence the effectiveness of the tax-loss harvesting strategy. For example, Clients who allocate significant portions of their portfolio to ETFs that are not currently supported for tax-loss harvesting may decrease the effectiveness of this service by reducing the number and/or amount of ETFs available for the strategy. The utilization of losses harvested through the strategy will depend upon the recognition of capital gains in the same or a future tax period, and in addition may be subject to limitations under applicable tax laws, e.g., if there are insufficient realized gains in the tax period, the use of harvested losses may be limited to a \$3,000 deduction against ordinary income and distributions. Losses harvested through the strategy that are not utilized in the tax period when recognized (e.g., because of insufficient capital gains and/or significant capital loss carryforwards), generally may be carried forward to offset future capital gains, if any.
- Be aware that if the Client and/or the Client’s spouse have other taxable or non-taxable investment accounts, and the Client holds in those accounts any of the securities (including options contracts) held in the Client’s account at Wealthfront Advisers, the Client cannot trade any of those securities 30 days before or after Wealthfront Advisers trades those same securities as part of the tax-loss harvesting strategy to avoid possible wash sales and, as a result, a nullification of any tax benefits of the strategy. For more information on the wash sale rule, please read [IRS Publication 550](#).

- Wealthfront Advisers' tax-loss harvesting service is designed to avoid creating "wash sales" in Clients' accounts with Wealthfront Advisers. Clients, however, are responsible for monitoring their accounts outside of Wealthfront Advisers to ensure that transactions in the same security or a substantially identical security do not create a wash sale. A wash sale occurs when a taxpayer sells a security at a loss and then purchases the same security or a substantially similar security over a period of 61 days: the day of the sale, the 30 days before the sale, and the 30 days after the sale. If a wash sale occurs, the IRS may not allow or defer the loss for current tax reporting purposes. Wash sales can occur even if the securities are sold and then bought in different accounts. Therefore Wealthfront Advisers may lack visibility to certain wash sales, should they occur as a result of transactions in external or unlinked accounts. Under those circumstances, Wealthfront Advisers may not be able to provide notice of such wash sale in advance of the Client's receipt of the IRS Form 1099.
- Except as set forth below, Wealthfront Advisers will monitor only a Client's accounts at Wealthfront Advisers to determine if there are unrealized losses for purposes of determining whether to harvest such losses. Transactions outside of accounts at Wealthfront Advisers may affect whether a loss is successfully harvested and, if so, whether that loss is usable by the Client in the most efficient manner.
- Under certain circumstances, there is a chance that Wealthfront Advisers trading attributed to tax-loss harvesting may create capital gains and/or wash sales. In addition, tax-loss harvesting strategies may produce losses, which may not be offset by sufficient gains in the account.
- From time to time, in order to mitigate wash sales risk, a Client's IRA Account might invest in a so-called "secondary" ETF (as identified in Wealthfront Advisers' TLH white paper) rather than a so-called "primary" ETF identified in such white paper or in the Client's plan.
- Not all the losses may be used to offset gains in the year they were recognized due to wash sales. Thus, wash sales can diminish the effectiveness of tax-loss harvesting by deferring to a future year a tax loss that could have been used to offset income or capital gains in the current year.

Potentially High Levels of Trading Risk - Certain situations, such as the simultaneous receipt of a high volume of Client deposits or withdrawal requests, can lead Wealthfront Advisers to engage in high levels of trading. High levels of trading could result in (a) bid-ask spread expense; (b) trade executions that may occur at prices beyond the bid-ask spread (if quantity demanded exceeds quantity available at the bid or ask); (c) trading that may adversely move prices, such that subsequent transactions occur at worse prices; (d) trading that may disqualify some dividends from qualified dividend treatment; unfulfilled orders or portfolio drift, in the event that markets are disorderly or trading halts altogether; and (f) unforeseen trading errors.

Foreign Investing and Emerging Markets Risk - Foreign investing involves risks not typically associated with US investments, and the risks may be exacerbated further in emerging market countries. These risks may include, among others, adverse fluctuations in foreign currency

values, as well as adverse political, social and economic developments affecting one or more foreign countries. In addition, foreign investing may involve less publicly available information and more volatile or less liquid securities markets, particularly in markets that trade a small number of securities, have unstable governments, or involve limited industry. Investments in foreign countries could be affected by factors not present in the US, such as restrictions on receiving the investment proceeds from a foreign country, foreign tax laws or tax withholding requirements, unique trade clearance or settlement procedures, and potential difficulties in enforcing contractual obligations or other legal rules that jeopardize shareholder protection. Foreign accounting may be less transparent than US accounting practices and foreign regulation may be inadequate or irregular.

ETF Risks, including Net Asset Valuations and Tracking Error - ETF performance may not exactly match the performance of the index or market benchmark that the ETF is designed to track because 1) the ETF will incur expenses and transaction costs not incurred by any applicable index or market benchmark; 2) certain securities comprising the index or market benchmark tracked by the ETF may, from time to time, temporarily be unavailable; and 3) supply and demand in the market for either the ETF and/or for the securities held by the ETF may cause the ETF shares to trade at a premium or discount to the actual net asset value of the securities owned by the ETF. Certain ETF strategies may from time to time include the purchase of fixed income, commodities, foreign securities, American Depositary Receipts, or other securities for which expenses and commission rates could be higher than normally charged for exchange traded equity securities, and for which market quotations or valuation may be limited or inaccurate.

Clients should be aware that to the extent they invest in ETF securities they will pay two levels of advisory compensation – advisory fees charged by Wealthfront Advisers plus any management fees charged by the issuer of the ETF. This scenario may cause a higher advisory cost (and potentially lower investment returns) than if a Client purchased the ETF directly.

An ETF typically includes embedded expenses that may reduce the fund's net asset value, and therefore directly affect the fund's performance and indirectly affect a Client's portfolio performance or an index benchmark comparison. Expenses of the fund may include ETF management fees, custodian fees, brokerage commissions, and legal and accounting fees. ETF expenses may change from time to time at the sole discretion of the ETF issuer. Wealthfront Advisers discloses each ETF's current information, including expenses, on the Site. ETF tracking error and expenses may vary.

Socially Responsible Investing Risk - Clients who select Wealthfront Advisers' Socially Responsible portfolio or who customize their portfolio to include SRI investments may choose such investments based on their benefit and/or detriment to society, rather than profits or intrinsic value alone. This may result in lower returns for the Client compared to a Classic portfolio or Direct Indexing. This may also reduce a Client Account's exposure to certain sectors or types of investments, which could negatively impact the Client Account's performance. Additionally, a Client may disagree with the SRI classification of an issuer by our data provider. SRI norms differ by region, and an issuer's practices may change over time. Accordingly, if an investment no longer meets the criteria for SRI, Wealthfront Advisers may be required to sell the investment at a disadvantageous price or time.

Exposure to Digital Assets through Statutory Trusts - Wealthfront Advisers offers long-term

exposure to digital assets through investments in certain statutory trusts. The term digital asset refers to an asset that is issued and/or transferred using distributed ledger or blockchain technology, including, but not limited to, so-called “virtual currencies,” “coins,” and “tokens.” Although Wealthfront Advisers does not offer direct investment in digital assets, Clients opting to customize their portfolios may include an allocation of up to 10% of their total portfolio value to statutory trusts that hold digital assets (“Digital Assets Trusts”).

Unlike ETFs, Digital Assets Trusts may lack efficient creation and redemption mechanisms. As a result, the price of Digital Assets Trusts can differ significantly from the value of the underlying digital assets. Further, because of the nature of underlying digital assets and their markets, investments in Digital Assets Trusts (and cryptocurrencies themselves) may be significantly more volatile than most securities-based ETFs, and are not suitable for all investors. Digital Assets Trusts may be significantly riskier than investments in more traditional assets like stocks, bonds, mutual funds, or ETFs. The price history of a Digital Assets Trusts may not be reflective of its future price potential, and digital asset investors should be able to withstand significant if not complete loss of invested capital.

Inflation, Currency, and Interest Rate Risks - Security prices and portfolio returns will likely vary in response to changes in inflation and interest rates. Inflation causes the value of future dollars to be worth less and may reduce the purchasing power of an investor’s future interest payments and principal. Inflation also generally leads to higher interest rates, which in turn may cause the value of many types of fixed income investments to decline. In addition, the relative value of the US dollar-denominated assets primarily managed by Wealthfront Advisers may be affected by the risk that currency devaluations affect Client purchasing power.

Risks Relating to Investment in a Concentrated Number of Securities or to Investment in Only One Industry Sector (or in Only a Few Sectors) - When strategies invest in a concentrated number of securities, a decline in the value of these securities would cause your overall account value to decline to a greater degree than that of a less concentrated portfolio. Strategies that invest a large percentage of assets in only one industry sector (or in only a few sectors) are more vulnerable to price fluctuation than strategies that diversify among a broad range of sectors.

Partial or Fractional Shares - Wealthfront does not currently support ownership of partial or fractional shares for Automated Investing Accounts. Without fractional shares, it may be more difficult to achieve a diversified portfolio because the price of a single share of a given security may be high and may deplete the budget available to build a diversified portfolio. At the same time, without fractional shares, Clients may hold more cash than may be advisable because of the high price of buying a whole share of a given security.

College Savings Account Risks - 529 Accounts are subject to various risks, including but not limited to:

Special Nature of Plan Interests - The Client and the Client’s beneficiary do not have access or rights to any assets of the state sponsoring our 529 Plan or any assets of the state trust of the Section 529 college savings plan (a “Plan”) other than the assets credited to the Client’s account for that beneficiary. The 529 Account is an investment vehicle. 529 Accounts are subject to certain risks including: (i) the possibility that the Client may

lose money over short or even long periods of time; (ii) the risk of changes in applicable federal and state tax laws and regulations; (iii) the risk of Plan changes including changes in fees and expenses; and (iv) the risk that contributions to the 529 Account may adversely affect the eligibility of the beneficiary or the Client for financial aid or other benefits. Some MFSs in a Client's 529 Account carry more and/or different risks than others. Clients should weigh such risks with the understanding that they could arise at any time during the life of the Client's account.

Municipal Fund Securities - When the Client contributes to the 529 Account, the Client's money will be invested in MFSs. An investment in the Client's 529 Account is not a bank deposit. None of the Client's account, the principal the Client invests, nor any investment return is insured or guaranteed by (i) any state or any state agencies, instrumentalities or funds, (ii) any officer, official, staff member of any state, (iii) any Plan or any program manager of any such Plan, (iv) any board of any state trust issuing MFSs for a Plan (a "Board"), (v) any such state trust (as "State Trust"), (vi) Wealthfront Advisers, (vii) each of their respective affiliates, officials, officers, directors, employees and representatives, (viii) the federal government, (ix) the Federal Deposit Insurance Corporation ("FDIC"), or (x) any other governmental agency. Investment returns will vary depending upon the performance of the designated portfolios in the Client's account. A Client could lose all or a portion of the Client's investment.\

Relatively Short Investment Time Horizon - Relative to investing for retirement, the holding period for college savings investors is very short (e.g., 10 years versus 60 years). Also, the need for liquidity during the withdrawal phase (to pay for qualified higher education expenses) generally is very important. Clients should strongly consider the level of risk they wish to assume when completing the risk questionnaire upon account opening.

Limited Investment Direction - Clients may not direct the underlying investments in their 529 Account. The ongoing money management is the responsibility of Wealthfront Advisers. The only manner in which Clients can affect the money management is to change their risk score, which is limited to two times per year, or upon the change of the beneficiary. Once the permitted two per calendar year risk score changes are made in the Client's account, a subsequent risk score change in the Client's account within the same calendar year will not be processed. The choice of the underlying investments of the MFSs is subject to the approval of the Board. Automatic investment exchanges that occur as the Client's assets move through the glide path do not count towards the Client's twice per calendar year investment exchange limit.

Liquidity Risk - Investments in a Plan are considered less liquid than other types of investments (e.g., investments in mutual fund shares) because the circumstances in which a Client may withdraw money from a Plan account without a penalty or adverse tax consequences are significantly more limited.

Potential Changes to the Plan - Boards generally reserve the right, in their sole discretion, to discontinue the Plan or to change any aspect of the Plan. For example, the Board may change the Plan's fees and expenses; add, subtract, or merge the MFSs; close a MFS to new investors; or change the program manager or the underlying investment(s)

of a MFS. Depending on the nature of the change, a Client may be required to, or prohibited from, participating in the change with respect to accounts established before the change. A particular program manager may not necessarily continue as the Plan's program manager, and Wealthfront Advisers may not necessarily continue as investment adviser and distributor to a Plan (although Wealthfront Advisers will continue as the Client's investment adviser until either Wealthfront Advisers or the Client terminates that investment advisory relationship).

Changes to a Plan may or may not be beneficial to Clients. The Board may terminate the Plan by giving written notice to the Client, but even if the Board terminates the Plan, the Client and the Client's beneficiary's rights to the Client's account assets will be unaffected. An MFS may be temporarily uninvested during a transition from one investment underlying an MFS to another underlying investment. The transaction costs associated with any liquidation, as well as any market impact on the value of the securities being liquidated, will be borne by the MFS which ultimately may impact the individual portfolios holding that MFS.

Status of Federal and State Law and Regulations Governing a Plan - Federal and state law and regulations governing the administration of Plans could change in the future. In addition, federal and state laws on related matters, such as the funding of higher education expenses, treatment of financial aid, and tax matters are subject to frequent change. It is unknown what effect these kinds of changes could have on a 529 Account. Clients should also consider the potential impact of any other state laws on their account. Clients should consult their tax advisor for more information.

Eligibility for Financial Aid - The treatment of 529 Account assets may have an adverse effect on the beneficiary's eligibility to receive assistance under various federal, state, and institutional financial aid programs.

No Guarantee That Investments Will Cover Qualified Higher Education Expenses; Inflation and Qualified Higher Education Expenses - There is no guarantee that the money in a Client's 529 Account will be sufficient to cover all of a beneficiary's qualified higher education expenses, even if contributions are made in the maximum allowable amount for the beneficiary. The future rate of increase in qualified higher education expenses is uncertain and could exceed the rate of investment return earned by a Plan account over any relevant period of time.

Investors in any Plan should read the Plan's offering documents and any related participation agreement carefully before investing or sending money. For more information on risks related to 529 Accounts, see the "Plan Risks" section of the Wealthfront 529 College Savings Plan Description and Participation Agreement.

Portfolio Line of Credit - Qualified clients who choose to use Wealthfront Brokerage's PLOC are alerted to the following risks:

- PLOC is a margin loan product offered by Wealthfront Brokerage exclusively to Clients of Wealthfront Advisers with a fully discretionary, taxable account by Wealthfront Advisers and who meet other minimum account thresholds. Clients should review the

risks listed below and in Wealthfront Brokerage’s Margin Handbook, and consider them before borrowing. For the purposes of this document, Client Accounts utilizing the PLOC may be referred to as “margin accounts.”

- Clients who utilize margin loans can lose more funds than deposited in their margin accounts. In addition, a decline in the value of the securities in margin accounts may require such Clients to provide Wealthfront Brokerage with additional funds to avoid the forced sale of securities or other securities or assets in their margin accounts. This is called a “margin call.”
- Wealthfront Brokerage can issue a margin call and force the sale of securities in Client margin accounts if the equity in a Client margin account falls below the minimum requirement described in our [Margin Handbook](#). Wealthfront Brokerage can sell the securities in any of the Client’s margin accounts held with Wealthfront Brokerage to cover the margin deficiency. Clients also will be responsible for any shortfall in the margin account after such a sale.
- Wealthfront Brokerage notifies Clients whose portfolio balances approach our minimum margin requirement well before a margin call is likely to happen even though such notice is not strictly required. Unless such Clients pay back their loan or a portion of it, Wealthfront Brokerage can sell Client securities in margin accounts without further contacting the Client if the margin account falls below our minimum margin requirement. Even if Wealthfront Brokerage has contacted a Client and provided a specific date by which the Client can meet a margin call, Wealthfront Brokerage can still take necessary steps to protect its financial interests, including immediately selling the securities without notice to the Client.
- In the event it is necessary to sell securities to meet minimum margin requirements, Wealthfront Advisers will automatically liquidate securities to cover the minimum margin requirements while also maintaining appropriate asset allocations in the Client’s portfolio. Clients are not entitled to choose which securities in their account(s) are liquidated or sold to meet a margin call.
- Wealthfront Brokerage can increase its minimum margin requirements at any time and is not required to provide advance written notice to Clients. These changes in Wealthfront Brokerage’s policy often take effect immediately and may result in the issuance of a maintenance margin call. A Client failure to satisfy the call may cause Wealthfront Brokerage to liquidate or sell securities in Client margin accounts.
- Clients are not entitled to an extension of time on a margin call. While an extension of time to meet margin requirements may be available to a Client under certain conditions, a Client does not have a right to the extension.

Item 7 Client Information Provided to Portfolio Managers

On a periodic basis, Wealthfront Advisers contacts each Client to remind them to review and update the investment profile information they previously provided. Wealthfront Advisers also requests that Clients reconfirm the same information on an annual basis. These notifications and

confirmations include a link to the Client's current information and contact information for the Wealthfront Advisers support team. Currently the Wealthfront Advisers team members whose tasks include supervising, arranging and responding to these notifications, confirmations and reviews are: the Client Services Manager and the Client Services team.

Wealthfront Advisers conducts separate reviews related to the ETFs and other investments used for Client portfolios. Wealthfront Advisers' Investment Committee, a committee of certain Wealthfront Advisers officers who are not members of the Wealthfront Advisers investment research team, approves these reviews. The committee has the authority, if necessary, to remove, add or replace an ETF or other investments from the portfolios advised by Wealthfront Advisers.

Item 8 Client Contact with Portfolio Managers

All client contacts and communications regarding participation in the Wealthfront Advisers Program will occur through contact with Wealthfront Advisers via email, the Site or the App. If Client changes Client's investment profile information, Wealthfront Advisers will promptly make any appropriate changes to Client's Account portfolio. See Item 16 in Wealthfront Advisers' Form ADV Part 2A brochure for a description of Wealthfront Advisers' discretionary investment authority, including the timing of Wealthfront Advisers' placement of trade orders, for while Wealthfront Advisers seeks to respond to Client deposits, Client changes in risk profiles, Client withdrawal requests, including without limitation requests in connection with terminations, and other reasonable Client requests in a timely and reasonable manner, Wealthfront Advisers does not represent or guarantee that Wealthfront Advisers will respond to any such Client actions or requests immediately or in accordance with a set time schedule.

Item 9 Additional Information

A. Disciplinary Information

On December 21, 2018, Wealthfront Advisers reached a settlement with the Securities and Exchange Commission. The settlement order found that Wealthfront Advisers improperly retweeted certain clients' positive tweets from its corporate account and compensated certain bloggers for client referrals without proper disclosures. Additionally, the settlement order found that Wealthfront Advisers did not have proper disclosures in its TLH white paper concerning monitoring for any and all wash sales that could occur in client accounts. A wash sale prevents the tax benefit of having sold the asset to realize a loss. Thus, a wash sale can diminish the effectiveness of TLH by deferring to a future year a tax loss that could have been used to offset income or capital gains in the current year. In Wealthfront's TLH program, wash sales could occur, or were permitted, in certain circumstances relating to the management of a client account such as rebalancing a client portfolio or client directed transactions. The SEC order noted that a significant percentage of client accounts enrolled in Wealthfront Advisers' TLH strategy experienced wash sales in the period from October 2012 to May 2016 and that wash sales represented approximately 2.3% of tax losses harvested for clients in the period from January 2014 to December 2016.

The settlement order found that Wealthfront Advisers violated the antifraud, advertising, compliance, and other provisions of the Investment Advisers Act of 1940. Without admitting or denying the SEC's findings, Wealthfront Advisers consented to the entry of the SEC's order

censuring it, requiring it to cease and desist from further violations, and imposing a \$250,000 penalty.

B. Other Financial Industry Activities and Affiliations

Wealthfront Advisers uses its affiliate, Wealthfront Brokerage, to effect transactions on behalf of Wealthfront Advisers' Clients for non-529 Accounts. Wealthfront Brokerage is both a carrying and introducing broker registered with the FINRA and the SEC, whose sole purpose is to service Wealthfront Advisers' Clients and carry accounts that Wealthfront Advisers manages pursuant to fully discretionary and limited discretionary authority granted to Wealthfront Advisers by its Clients. For Accounts other than 529 Accounts, Wealthfront Brokerage, as a broker-dealer, has entered into an omnibus clearing agreement with RBC Clearing & Custody ("RBC," or "Clearing Broker"). Wealthfront Brokerage instructs the Clearing Broker on behalf of Wealthfront Advisers to clear and settle Wealthfront Advisers Client transactions on an omnibus basis for Client securities orders that Wealthfront Brokerage currently places with either Citadel LLC, Virtu Financial, or GTS Securities LLC (the "Approved Brokers"). The Clearing Broker also has omnibus custody of Client cash balances and securities positions.

Wealthfront Brokerage also exclusively offers its PLOC to eligible Wealthfront Advisers' Clients who meet certain minimum account thresholds.

For taxable Automated Investing Accounts with a minimum account size of \$100,000, Wealthfront Advisers also offers the opportunity to include an allocation to the Risk Parity Fund, a proprietary mutual fund managed by Wealthfront Strategies. Client allocations to the Risk Parity Fund are subject to an annual 0.25% fee charged by Wealthfront Strategies. This fee is in addition to the advisory fee Clients pay to Wealthfront Advisers for managing their portfolio. Offering a proprietary mutual fund to our Clients may create a conflict of interest because assets invested in the Risk Parity Fund are subject to higher fees, creating an incentive for Wealthfront Advisers to allocate more capital to the Risk Parity Fund. As of April 28, 2021, we address this conflict by no longer offering the Risk Parity Fund as part of our recommended portfolios. Instead, Clients opening accounts on or after that date may only add Risk Parity to their portfolios through our customization capability. For Clients who had recommended portfolios before April 28, 2021, we address this conflict by limiting such Clients' allocation to the Risk Parity Fund to 20% of their portfolio. Clients who have chosen a Risk Parity Fund allocation may sell such allocation at any time. As a proprietary fund, the Risk Parity Fund may not be transferred away from Wealthfront to another institution unless certain conditions are met.

C. Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

Wealthfront Advisers' paramount ethical, professional, and legal duty is to act at all times as a fiduciary to its Clients. This means that Wealthfront Advisers puts the interests of its Clients ahead of its own, and carefully manages for any perceived or actual conflict of interest that may arise in relation to its advisory services. Wealthfront Advisers has adopted a Code of Ethics, which is designed to ensure that we meet our fiduciary obligation to Clients, enhance our culture of compliance within the firm, and detect and prevent any violations of securities laws.

Wealthfront Advisers' Code of Ethics (the "Code") establishes standards of conduct for all

Wealthfront Advisers' employees, including all officers, directors, employees, certain contractors and others ("Access Persons"), and is consistent with the code of ethics requirements of Rule 204A-1 under the Investment Advisers Act of 1940, as amended. The Code includes general requirements that all Access Persons comply with their fiduciary obligations to Clients and applicable securities laws, and specific requirements relating to, among other things, personal trading, insider trading, conflicts of interest, and confidentiality of client information.

Each new Wealthfront Advisers' Access Person receives a copy of the Code after obtaining access to company systems. Wealthfront Advisers sends copies of any amendments to the Code to all Access Persons, who must acknowledge in writing having received the Code and the amendments. Annually or as otherwise required, each Access Person must confirm to Wealthfront Advisers that they have complied with the Code during such preceding period.

Wealthfront Advisers' Access Persons may personally invest in securities recommended by Wealthfront Advisers, specifically the ETFs or other investments recommended for each asset class and individual large and mid-capitalization stocks recommended for advanced forms of TLH. Wealthfront Advisers' Access Persons may also buy or sell specific securities for their own accounts that are not purchased or sold ahead of Clients. Wealthfront Advisers monitors the securities transactions of all Access Persons to determine whether there have been any improper use of client trading information by Access Persons. It also requires all Access Persons to report any violations of the Code promptly to Wealthfront Advisers' Chief Compliance Officer. The complete Code of Ethics is available to any client or prospective Client upon request.

D. Review of Accounts

Wealthfront Advisers provides all Clients with continuous access via the Site where Clients can access their Account documents, such as account statements, and review their time-weighted and money-weighted returns. Clients may also receive periodic e-mail communications describing portfolio performance, Account information, and product features.

Wealthfront Advisers software-based investment advisory service assumes a Client's Automated Investing Account will not stay optimized over time and must be periodically rebalanced back to its target allocation. Wealthfront Advisers' software continuously monitors and periodically rebalances each Client's portfolio that is fully-discretionary. Wealthfront Advisers also conducts reviews when Clients make changes to their risk profiles. Wealthfront Advisers may consider tax implications and the volatility associated with each of the chosen asset classes when deciding when and how to rebalance, however no assurance can be made by Wealthfront Advisers that Clients will not incur capital gains, and in certain instances significant capital gains, when Client portfolios are rebalanced periodically. Wealthfront Advisers assumes no responsibility to its Clients for any tax consequences of any transaction, including any capital gains that may result from the rebalancing of Client Accounts.

On a periodic basis, Wealthfront Advisers contacts each Client to remind them to review and update personal profile information they previously provided. Wealthfront Advisers also requests that Clients reconfirm the same information on an annual basis. These notifications and confirmations include a link to the Client's current information and contact information for the Wealthfront Advisers support team. Currently the Wealthfront Advisers team members whose tasks include supervising, arranging and responding to these notifications, confirmations and reviews are the Product Support team.

Wealthfront Advisers' Investment Committee (the "Committee"), a committee of certain Wealthfront Advisers officers who are not members of Wealthfront Advisers' investment research team, conducts and approves separate reviews related to the securities used for Client portfolios. The Committee has the authority, if necessary, to remove, add, or replace securities or other investments from portfolios held at Wealthfront Advisers.

E. Client Referrals and Other Compensation

Wealthfront Advisers expects from time to time to run promotional campaigns to measure interest and to attract Clients to open Accounts on the Site. These promotions may include, but are not limited to, referral programs pursuant to which Clients, or third parties, invite non-Clients to open an account with Wealthfront Advisers. These promotions may also include additional Account services or products offered on a limited basis to select Clients, different fee arrangement structures, which could include more favorable fee arrangements, a higher interest rate, cash compensation, reduced or waived advisory fees for Clients, and/or periodic, flat fees for certain advisory or account services.

These arrangements may create an incentive for a third party or other existing Client to refer prospective Clients to Wealthfront Advisers, even if the third party would otherwise not make the referral. These arrangements may also create a conflict of interest for a Client to maintain a certain level of assets managed through Wealthfront Advisers if doing so would result in eligibility to receive an incentive, bonus, or additional compensation.

Wealthfront Advisers compensates third parties to create and share advertising materials regardless of whether an individual funds an Account. Additionally, Wealthfront Brokerage may provide Wealthfront Advisers' Clients compensation as a promotional offer to open accounts at Wealthfront Brokerage.

F. Financial Information

Wealthfront Advisers does not require or solicit the prepayment of any advisory fees and does not have any adverse financial condition that is reasonably likely to impair our ability to continuously meet our contractual commitments to our Clients.

Information We Collect When Acting As Your Authorized Agent

Many of Wealthfront’s Users and Clients choose to input information from accounts at outside third-party financial institutions onto their Wealthfront dashboard on our Site or in our App. Although there is no requirement to do so, if you choose to enable Wealthfront to collect information from your outside accounts, Wealthfront retrieves your outside account information maintained by your outside financial institutions (“Outside Account Information”) as described in this section.

By linking your outside accounts to your Wealthfront account, you provide Wealthfront access to your Outside Account Information, which may include prior and current account balances, your transaction history, and holdings from your linked outside financial institutions. Portions of this Outside Account Information will be displayed on your Wealthfront dashboard. Wealthfront may use the Outside Account Information we receive to formulate your financial projections in Path, to move money between your linked outside financial institutions and Wealthfront in accordance with your instructions and authorizations (such as via our Automated Savings Plan), in connection with our fraud prevention activities, or for other purposes consistent with this Privacy Policy and the Services we provide to you. Wealthfront does not share your Outside Account Information with outside parties except in limited cases relating to fraud investigations. In such fraud investigations, we may share certain of your Outside Account Information with your linked third-party institution. We also reserve the right to share Outside Account Information with third parties as required by law. If you choose to remove or deactivate a link to an account with a third-party institution, we will not retrieve any new Outside Account Information for that account unless you re-link that account in the future.

Wealthfront Brokerage LLC Disclosures

Wealthfront Brokerage LLC Business Continuity Plan Disclosure

Wealthfront Brokerage LLC (“Wealthfront Brokerage” and formerly known as Wealthfront Brokerage Corporation) has developed a Business Continuity Plan on how we will respond to events that significantly disrupt our business. Since the timing and impact of disasters and disruptions is unpredictable, we will have to be flexible in responding to actual events as they occur. With that in mind, we are providing you with this information about our Business Continuity Plan.

Contacting Us – If after a significant business disruption you cannot contact us as you usually do at (844) 995-8437.

Our Business Continuity Plan – We plan to recover quickly and resume business operations after a significant business disruption and respond by safeguarding our employees and property, making a financial and operational assessment, protecting Wealthfront Brokerage’s books and records, and allowing our clients to transact business. In short, our business continuity plan is designed to permit Wealthfront Brokerage to resume operations as quickly as possible, to the extent possible given the scope and severity of the significant business disruption.

Our Business Continuity Plan addresses: data backup and recovery; all mission critical systems; financial and operational assessments; alternative communications with clients, employees, and regulators; alternate physical location of employees; critical supplier, contractor, bank and counter-party impact; regulatory reporting; and assuring our clients prompt access to their funds and securities if we are unable to continue our business.

Wealthfront Brokerage backs up its important records in a geographically separate area. While every emergency situation poses unique problems based on external factors, such as time of day and the severity of the disruption, its our objective to restore operations and be able to complete existing transactions and accept new transactions and payments within 4-12 hours. Your trading instructions and requests for funds and securities could be delayed during this period.

Varying Disruptions – Significant business disruptions can vary in their scope in that they may affect just Wealthfront Brokerage, or a single building housing Wealthfront Brokerage, or the business district where Wealthfront Brokerage is located, or the city where Wealthfront Brokerage is located, or the whole region. Within each of these areas, the severity of the disruption can also vary from minimal to severe. In a disruption to only Wealthfront Brokerage or the building housing Wealthfront Brokerage, we will transfer our operations to a local site if necessary and expect to recover and resume business within 2-3 hours. In a disruption affecting our business district, city, or region, we will transfer our operations to a site outside of the affected area, and plan to recover and resume business within 1-2 days. In either situation, we plan to continue in business, and notify you through our client emergency number, (650) 249-4258, which is how you will be able to contact us. If the significant business disruption is so severe that it prevents us from remaining in business, we will assure our clients prompt access to their funds and securities.

Important Disclaimers - Wealthfront Brokerage will adhere to the procedures set forth in its Business Continuity Plan and described in this disclosure to the extent commercially reasonable and practicable under prevailing circumstances. However, there are innumerable potential causes of a business disruption. In addition, disruptions (and the events that caused them) may vary significantly in nature, size, scope, severity, duration and geographic location and will result in distinct degrees of harm to human life; firm assets; the national banking system, securities exchanges, clearing houses and depositories with which Wealthfront Brokerage conducts business; and local, regional and national systems infrastructure (e.g., telecommunications, Internet connectivity, power generation and transportation) that could affect Wealthfront Brokerage’s recovery in vastly disparate ways. In recognition of this, Wealthfront Brokerage reserves the right to flexibly respond to particular emergencies and business disruptions in a situation-specific manner that it deems prudent under the circumstances, in its sole discretion. Nothing in this document is intended to provide a guarantee or warranty regarding the actions or performance of its computer systems, or its personnel in the event of a significant disruption.

Wealthfront Brokerage may modify its Business Continuity Plan and this disclosure at any time. Should you wish to receive a copy of an updated disclosure by mail or by email, please contact Wealthfront Brokerage.

Important Information You Need to Know about Opening a New Account

To help the government fight money laundering activities and the funding of terrorism, federal law requires financial institutions to obtain, verify and record information that identifies each person who opens an account.

This notice answers some questions about Wealthfront Brokerage's Client Identification Program.

What types of information will you need to provide?

When you open an account, Wealthfront Brokerage is required to collect the following information:

If you receive a suspicious email request purporting to be from Wealthfront Brokerage, DO NOT RESPOND and notify us immediately by calling (844) 995-8437.

If you suspect any unauthorized electronic funds transfer, you must notify Wealthfront Advisers (with respect to Wealthfront Accounts) or Wealthfront Brokerage (for all Accounts) within two Business Days after you learn of the unauthorized transfer. Such transferred funds may be held for a longer period if compliance with federal regulations or risk-management procedures would require us to do so. Except in cases of fraud or for funds that are returned to the originating bank as a result of insufficient funds, your transferred funds in the Cash Account will be entitled to earn interest during such hold period when they arrive at the Participating Banks and the funds in your Wealthfront Account will be invested in accordance with your risk profile.

12.5 Transfers to External Accounts

Notwithstanding anything to the contrary in this Agreement, there may be circumstances in which Wealthfront Brokerage may require a withdrawal or other disbursement to be routed to an external bank account that you have previously used to transfer funds into your Account, even where you may have instructed Wealthfront to send such a withdrawal or disbursement to a different external account, for reasons relating to account security, regulatory compliance, risk management, or other similar considerations. This may arise where, for example, Wealthfront Brokerage is unable to verify that an external account you have designated to receive funds belongs to you or is under your control; where Wealthfront Brokerage is unable to validate your entitlement to funds held in your Account; where Wealthfront may be obligated to process a withdrawal or disbursement from your Account but receives instructions for processing that withdrawal or disbursement that we are unable to follow or process; or where other considerations of the general types contemplated above dictate. In any such case, Wealthfront Brokerage reserves the right to distribute funds from your Account to the external account from which the funds in question originated, or to another external account you have previously used to fund your Account, notwithstanding any conflicting instructions you may provide; and you hereby authorize Wealthfront Brokerage to take such action in its sole discretion.

16.5 THE PANEL OF ARBITRATORS MAY INCLUDE A MINORITY OF ARBITRATORS WHO WERE OR ARE AFFILIATED WITH THE SECURITIES INDUSTRY.

27.1 Consent

We automatically transfer uninvested cash in your Account to a Designated Sweep Vehicle, as further described in this Section (the “Cash Sweep Program”). We reserve the right to change both Cash Sweep Program options available and the general terms and conditions of the Cash Sweep Program, including sweeping uninvested cash in your Account to either a FDIC Insured Bank Sweep Option whose deposits are insured by the Federal Deposit Insurance Corporation or to a Money Market Fund Sweep Option. Except as otherwise noted in the Cash Sweep Program Disclosure Statement, which may be updated from time to time, Wealthfront Brokerage may, with 30-days prior notice to you, change, add or delete products available through, or the terms and conditions of, the Cash Sweep Program. Further, we may, upon 30-days prior notice to you, change the Cash Sweep option in which you participate from one option to the other. Your continued use of your Cash Account following such change to the Cash Sweep Program and/or your Cash Sweep option shall constitute your consent to any such change.

By entering into this Brokerage Agreement, you affirmatively consent and authorize Wealthfront Brokerage to: (i) sweep any available cash in your Wealthfront Account into a Money Market Fund Sweep Option in accordance with instructions from Wealthfront Advisers, and (ii) sweep any available cash in your Cash Account into a Designated Sweep Vehicle that had been designated by you. You further consent that notifications and disclosure concerning changes to the Cash Sweep Program will be made through updates to the Cash Sweep Program Disclosure Statement and/or the Brokerage Agreement. An investment in the RBC Fund is neither insured nor guaranteed by the FDIC. Although investments in the RBC Fund provide a means of earning a return on cash, there can be no assurance that the RBC Fund will be able to maintain a stable net asset value of \$1 per share. In the event that the RBC Fund is no longer able to maintain the net asset value of its shares at \$1, then you authorize and instruct Wealthfront Brokerage, without further notice to you, to redeem all of your RBC Fund shares as soon as commercially practicable and deposit the proceeds in your Account.
